Hosted By:
ITLC | INTERNATIONAL TEACHING LEARNING COOPERATIVE, LLC

For 33 years, Lilly Conferences on College and University Teaching and Learning have provided opportunities for the presentation of the Scholarship of Teaching and Learning. This coming January we will be gathering in beautiful Austin Texas.

With workshops, concurrent sessions, roundtable discussions, poster sessions, and traditional plenary presenters, this conference will have many options for faculty members interested in evidence-based strategies to improve student learning.

Please join us January 4th - 7th to network with new colleagues, learn strategies from educational experts, and strengthen your scholarly teaching.

For registration and conference details, visit us at:
