Re: Update to TAMUS System Regulation

Upon the approval of revised System Policy *24.01, Risk Management*, at the September 2008 Board meeting, all risk management programs, including the administrative requirements of System Regulation *24.01.01, Administration of Risk Management Programs*, were consolidated into this single, comprehensive policy. New System Regulation *24.01.01, Supplemental Risk Management Standards*, incorporates the collection of existing risk management standards and practices and was approved by the Chancellor on January 29, 2009. The updated version is posted on the system policy website at the link listed below.

As a result of these changes, the remaining risk management regulations, *24.01.02* through *24.01.04* and *24.02.01* through *24.02.03*, have been deleted, with any required system supplemental standards retained within the new System Regulation *24.01.01*.

Please distribute this information regarding the new system regulation, as well as the deleted regulations, among your staff as you deem appropriate.
