Re: Panther Alert System (PAS)

In case of an emergency, PVAMU wants to protect its greatest assets, our students, faculty and staff. To keep the PVAMU campus communities informed in the event of an emergency, the University established the Panther Alert System. The system, will notify the campus community of emergency situations (severe weather, serious threats to safety, etc.) via phone, text messages, and e-mails.

Students, faculty and staff members are responsible for keeping their contact information current, we are requesting everyone go into the appropriate system and review and or update their contact information. Contact information can be dated through **Panther Tracks** for students and **HR Connect** for faculty and staff. You may access either of these systems at www.pvamu.edu/PAS.

You may also update your choice to keep your information private by using PantherTracks for students and HR Connect for faculty and staff.

Should you have any questions, please contact Mr. Midhat Asghar, via email at miasghar@pvamu.edu or by telephone at 936-261-2156. If you have question regarding HR Connect, you may contact the Human Resources Office at 936-261-1730.
