OFFICE OF BUSINESS AFFAIRS MEMORANDUM NO. FY10-88
Delivered via Campus Email

To: Faculty and Staff
From: Mary Lee Hodge, Senior Vice President for Business Affairs
Re: Password Reset on the Prairie View A&M University Network

Several Prairie View A&M University computer accounts have recently been compromised due to internet scams. As a precaution and to safeguard the PVAMU computer network, you will be asked to change your password.

Information Technology Services will force a password reset on the Prairie View Network. After the reset has been forced, users will be asked to change their password. In order to reset your password, you must be on the PV network. You will not be able to make this change from your home or through a VPN connection.

If you have any questions or have difficulty signing on, you may contact the helpdesk at 936-261-2525 or 1-877-241-1742.
