Today’s businesses need leaders who can make decisions based on critical thinking, who can express their ideas both verbally and in writing, and who are just as effective working alone as they are on a team. This is what we expect of the graduate business student at Prairie View A&M University.

Effective business communication is a cornerstone of the Master of Science in Accounting (MSA) degree program in the College of Business.

All programs in the College of Business are fully accredited by the Association to Advance Collegiate Schools of Business—the premier accrediting agency for bachelor’s degree, master’s degree and doctoral degree programs in business administration and accounting.

Degree Plan
The MSA degree focuses on providing advanced training in accounting to prepare accounting professionals for careers in public, private and governmental accounting. One of the primary objectives of the MSA program is to prepare graduates to meet the Texas State Board of Public Accountancy prerequisites for the Uniform CPA Examination.

The MSA degree plan includes 30* hours of courses in:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Advanced Auditing</td>
<td></td>
</tr>
<tr>
<td>Accounting Theory</td>
<td></td>
