

TrueOutcomes Taskforce Meeting
TPOC
Monday, September 22, 2008
3:00 pm

Attendees:

Mrs. Charlene Stubberfield, Dr. Wanda Johnson, Mr. John Williams, Dr. Douglas Butler, Dr. Mary Hawkins, Dr. Edward Mason, Tenika Axel, Mattie Jordan, Dr. Marsha Kay Wilson, John Price, Dr. Bernadine Duncan, Trevia Cyrus, and Brigid Wilson

DEGREE PLANS/PLAN OF STUDY:

These subjects are two different things; plan of study is for viewing only. It's what you and the student can see while degree plans are for adding and taking away information.

Complete the degree plans. Departments are leaving the electives boxes blank. The departments should select an elective that most students will take. This would be different for the master's program due to the fact that student's electives will be classes in their core areas.

View the degree plans:

1. Go to the home page
2. Click on disciplines and programs
3. Click on degree programs tab
4. On the far right-hand side, pick your area
5. Select your degree plan
6. On the left-hand side, click on course sequence

Select new courses to the degree plan:(Begin with steps above)

1. Select degree
2. Beside course, click the new button
3. Select term (pay attention to the term, especially after you select the courses)

The first column is the number of degree plans that are available and the second column is the number of course.

We are not using the NEW degree plan; we are sticking to 2007 until NCATE has passed.

Please set up times individually with departments; departments will pick a date in time—Mrs. Stubberfield prefers in the morning and will send emails on information on the location.

Ms. Axel asked all departments to notify Dr. Pelphrey on the next meeting.
