

Summer Research Experience for Undergraduates (REU)

July 7 – August 5, 2011

5-week summer program opportunity to
work on cutting edge research

Purpose:

The purpose of the Summer REU is to involve recently admitted community college transfer students, who are interested in research and pursuing graduate studies in a research project.

Possible Research Areas:

- Computers
- Energy/Radiation Research
- Environmental Engineering
- Biology
- Chemistry

Funding:

Each participant will be paid a \$3000 stipend. The program will also include:

- Tuition and fees for one research credit hour
- Room and board

Applicant Eligibility

- Interest in research and willing to actively participate for the entire 5 week program
- Admitted to PVAMU for summer semester 2011
- Be a US citizen or permanent resident
- Be pursuing an undergraduate degree in a STEM discipline

How to apply:

Application materials will be available online at www.pvamu.edu/engr on Friday, April 29, 2011. Contact Dr. CherRhonda M. Smith-Hollins at 936-261-9941 or cmsmith-hollins@pvamu.edu for more information.
