Types of Admission

Graduate Acceptance
A student admitted to this category has met all requirements for full graduate degree status (completed application and payment of applicable fee, bachelor’s degree from an accredited college or university, official transcripts from all universities attended, letters of recommendation, official GRE or GMAT scores, undergraduate GPA of at least 2.75, and graduate GPA of at least 3.00 on a 4.00 scale).

Post-Baccalaureate (Non-Degree/Transient) Acceptance
A student who has a bachelor’s degree (minimum GPA of 2.45) and who wishes to take graduate courses without qualifying for a degree can be admitted as a Non-Degree/Transient student. Students must meet all course
prerequisites in order to be admitted to advanced courses. Elevation to degree status must be recommended by the appropriate school or college dean and approved by the Coordinator of Graduate Programs.

Provisional Acceptance
A student admitted to this category may enroll in a maximum of 12 semester credit hours of graduate courses. In order to continue, the student must have achieved a grade point average of 3.0 and be recommended by the department and college for graduate degree status or non-degree status. Official scores on the Graduate Record Examination (GRE) or the Graduate Management Admissions Test (GMAT) must be on file within the first semester of enrollment and may not be more than 10 years old at the time of enrollment. Failure to submit the scores will result in an academic hold until the scores are received.

Special Acceptance
Students, who wish to take graduate courses but who do not meet the minimum GPA for admission as degree, provisional or non-degree status, are considered special students. These students must have been highly recommended based upon evidence of scholarly potential. Students in this category may enroll in no more than 12 graduate semester credits covering a maximum of two consecutive terms. A student in this category may be admitted to degree status if a GPA of 3.0 is maintained during this period and if the student is recommended by the department head and dean of the school or college.

Students who are removed from degree status because of a low GPA may become special students. Students in this category may petition for re-admission to degree status after earning a 3.0 GPA. A petition will be allowed only once within a period of two years (24 months).

Students whose academic records are not received before the deadline period relating to the time in which the student wishes to be admitted are designated as special students. If a student’s records are received within a period of eight weeks after enrollment in courses, his/her record will be evaluated. The student will then be notified of his or her admission status. If the student’s records are not received prior to the end of the grading period, no credit will be awarded for the course(s) taken.

Doctoral Acceptance
Assessment of doctoral applicants involves a multi-step process. The admitting department should be contacted for details regarding admission types. (See Directory of Frequently Called Offices in this publication for contact information).

Re-admission
An application for readmission (ApplyTexas: www.applytexas.org) to the Graduate School is required for an applicant or student in one of the following categories:

1. An applicant who was previously admitted to the University but did not enroll in the term stated in the acceptance letter.
2. A graduate student at Prairie View A&M University who was accepted into one degree program but wishes to enter another degree program.
3. Degree candidates and non-degree students who have not enrolled in courses for two consecutive years.
4. A graduate student who voluntarily withdraws from the university
