

Getting Started

A quick guide to PVPlace.

What is PVPlace?

PVPlace is a portal that gives users single sign-on access to secured information on the PV intranet, Panthertracks, PantherEmail. PVPlace is a communication tool that allows users in PVAMU Community to receive announcements and personal announcements.

What Will I Find?

Tools

Where ever you are, you will see Tool icons in the upper right corner of your screen.

Tabs

Tabs are used to group similar information. The Tabs you see will depend on your role at the university.

Channels

Each Tab displays columns of information organized into Channels. Click on the links within each Channel to access additional information. You may minimize or maximize Channels by clicking on the icons in the upper right corner of each Channel.

The screenshot shows the PVPlace portal interface. At the top, there is a banner for Prairie View A&M University. Below the banner, a navigation bar contains 'My Account' and 'Welcome You are currently logged in.' In the upper right corner, there are four tool icons: E-mail, Calendar, Logout, and Help. Below the navigation bar, there are two tabs: 'Home' and 'Student'. The main content area is divided into several channels. The 'Featured Links' channel lists various resources like Reports Library, Forms Library, Policy Library, Campus Map, Public Safety, Health Center, Academic Catalog, and Reset AD password. The 'News & Events' channel displays a list of news items, including 'Annual Research Symposium Scheduled for April', 'Engineering Hosts AMIE Conference', 'Lady Panthers Earn SWAC Championship Title', 'PVAMU Mourns the Loss of Student Marcus Benjamin', 'Students Get High-Tech in Reading Quest', and 'More News and Events...'. The 'Campus Activities Calendar' channel shows a list of events, including 'Relay for Life Table', 'Hip Hop 101', 'General Student Assembly', and 'Pillow Talk'. On the right side, there are two announcement boxes: 'Personal Announcements' and 'Announcements', both stating 'There are no announcements'. Red lines and dots connect the text descriptions to the corresponding elements in the screenshot.
