

What About My Panthertracks PIN?

A quick guide to PVPlace.

PVPlace uses single sign-on... Will I ever need my Panthertracks PIN?

Absolutely. PVPlace allows you the ability to log into multiple applications by using your PantherNet credentials. However, for security reasons financial sites, such as TouchNet and the direct deposit site, will continue to use your student ID and PIN. Also keep in mind that after you graduate and leave the university you will lose access to PVPlace and you will be logging into the Panthertracks login site through the Alumni link. Therefore, keeping up with your Panthertracks login information remains just as important as before.

What can I do to keep up with my Panthertracks PIN?

As with any other password, make sure that your PIN is strong and yet, memorable. Even if you find it hard to keep up with your PIN you can make it easy for yourself to reset your PIN by ensuring that you have a good set of PIN Reset Questions & Answers assigned.

Panthertracks PIN/PIN Q&A Reset

This channel will take you back to the Panthertracks main login page so that you may use the "Forgot PIN?" button to reset your PIN. This button can only be used if your account is not disabled.

The screenshot shows the PVPlace student dashboard. At the top, there is a banner for Prairie View A&M University with the PVPlace logo. Below the banner, there is a navigation bar with "Home" and "Student" tabs. The main content area is divided into several sections:

- Featured Links:** A list of links including Self Reset Password Management Tool, Athletics, eCourses, Bookstore, Student Conduct, Financial Aid, Student Employment, Office of the Registrar, Student Affairs, Parking Management, Library, Faculty & Staff Directory, and Services (Information Technology Services, Disability Services, Career Services, Treasury Services, Residential Life).
- Personal Announcements:** A section stating "There are no announcements".
- Academic Profile:** A section with a "Primary" tab, "No Data Found for Curriculum", and an "Advisors" section with a "Select Another Term" dropdown and a "Go" button. Below this are links for "Transcript" and "Holds".

Remember to Assign Yourself a PIN

When your initial PIN is assigned, or you are given a temporary PIN, that PIN is pre-expired by the system. Expired PINs cannot be used to log into the financial systems. You must first change the PIN before you may use it with any outside application.

Change your PIN

Here you may change your initial PIN or the temporary PIN that was sent to you after a request for a reset. Make sure to follow the guidelines on the PIN change webpage about acceptable PINs.

Change Security Question

Make sure to update your questions and answers often. If you were unable to reset your account by answering your previously entered questions, make sure to go back and reset them after you are given a new PIN. For security reasons, these questions can only be reset if you know your current PIN.
