The earthquake and tsunami that hit Japan caused considerable damage to many of the libraries, schools and colleges. The John B. Coleman Library and the Northwest Houston Center are asking for your support to help raise funds during National Library Week to restore Japan’s libraries.

Please donate a book/video or select from materials donated from local bookstores, libraries and individuals. All proceeds will be sent to the American Library Association for their relief efforts in Japan.

A special presentation will be held on April 13th at 6:00 pm. Research and Instruction Librarian, Chieko Sato, a native of Mitsuke, Japan, will discuss Japanese culture and demonstrate origami. Participants will receive a hand crafted paper crane, a symbol of good fortune and longevity.
