Prairie View A&M University
Department of Public Safety

Prairie View A&M University is the second oldest institution of higher education in the state of Texas. Located at It had its beginnings in 1876, the first year of the Texas Constitution, of the common free school system and at the dawn of public higher education in Texas. Approximately 150 plus acres and approximately 61 buildings provide the setting for the main campus of Prairie View A&M University. In addition, the University provides courses at satellite campuses, which include the Northwest Compaq Campus, and the Houston Nursing Center located in Houston Texas. The University is established for the general purpose of preparing students to become life-long learners and to compete successfully in a rapidly changing society. The Police Department has the primary responsibility for security on campus. The mission of the Prairie View A&M University Police Department is to promote and maintain personal safety, physical and environmental security."The department's commitment to support the academic mission includes preventive measures through education and enforcement, which promote awareness and individual responsibility in an effort to prevent criminal and safety mishaps. The Department's security policies and procedures are in compliance with law enforcement regulations established by the State of Texas, Department of Criminal Justice Services. The policies and procedures also comply with federal requirements set forth in the Student Right-To-Know Act, and the Campus Security Act, that was signed into law in November 1990 (20 U.S.C. Section 1092). Title II of this Act is known as the Crime Awareness and Campus Security Act. Prairie View A&M University Police Department prepares, publishes and distributes an annual Campus Security Report in compliance with the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**.

Institutions that participate in student financial aid programs under Title IV of the Higher Education Act of 1965 must comply with the conditions of this Act. The report includes information about campus security policies and procedures and crime statistics for the previous three years. These statistics focus on reported crimes that occurred on and off campus, as well as certain off campus buildings owned or controlled by Prairie View A&M University. Public property immediately adjacent to, and accessible from Prairie View A&M University is also included. The annual Campus Security Report also outlines Prairie View A&M University policies concerning campus security and crime prevention programs.

These policies relate to the following: the possession, use, and sale of alcoholic beverages (including the enforcement of state under age drinking laws), drug and alcohol-abuse education programs, the reporting of crimes, sexual assault/sexual harassment education and prevention programs, and procedures for reporting sex offenses. The report is available on October 1 of each year, and contains important tips to help every member of the community remain safe and avoid becoming a victim of crime. We make this report available to all students, faculty, and staff as well as the general public. Each member of the community is notified of the report and its exact website. Anyone, including prospective students and employees, may request a paper copy of this report by contacting the Prairie View A&M University Police Department at **(936) 261-1375**.

LAW ENFORCEMENT AUTHORITY AND AGREEMENTS FOR INVESTIGATING CRIMES

Prairie View A&M University police officers derive law enforcement authority from the State of Texas training requirements for law enforcement officers as established by the Department of Criminal Justice Services. Prairie View A&M University police officers are sworn officers with full powers of arrest. They are empowered and mandated to enforce all federal, state and local laws. Officers and supervisors are armed, and must undergo annual firearms qualifications. In addition to firearms. In all cases, each officer of the department should use the minimum amount of force that is consistent with the accomplishment of his/her mission and should exhaust reasonable means of apprehension or defense before considering the use of a firearm.

After an incident is reported, a police officer is dispatched to the site of the complainant/victim and has the authority to make an arrest if necessary. Police officers prepare and submit incident/offense reports when warranted and the investigator will complete all necessary follow -up investigations. The Prairie View A&M University Department of Public Safety, maintains a good working relationship with all local and state law enforcement agencies having a **written Memorandum of Understanding** in process **for the investigation of alleged crimes**, including: the City of Prairie View Police Department, Texas State Patrol, Waller Police Department, Houston Police Department, and Texas Department of Public Safety. This cooperation also extends to the reporting of crimes to the appropriate agencies, participation in police radio communications and computer network training programs, special events coordination, and investigations of serious crimes. Information on crimes that may impact or relate to the surrounding community and state is shared directly with appropriate law enforcement agencies. Additionally, Prairie View A&M University Department of Public Safety investigators meet periodically with the City of Prairie View Police Department detectives and intelligence units to discuss campus crime trends and police intelligence matters. Police officers from local agencies also work special events hosted by the university.

In addition, police and security officers check buildings regularly. During non-business hours, access to university facilities is by key, if issued or by admittance via the university police or security staff. Over extended breaks, the doors of all buildings will be secured around the clock. Some facilities may have individual hours which may vary at different times of the year. Examples are the John B. Coleman Library and the Billy Nicks Athletic complex which will be secured according to schedules developed by the department responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules.

UNIVERSITY VILLAGE APARTMENT COMPLEX Staff

FIRE SAFETY AT PVAMU

University College - American Campus Communities

The Environmental Health & Safety Office prepared the information and procedures regarding fire safety for all students, faculty, staff and visitors to the campus of Prairie View A&M University. The information provided is intended to serve as a guide to fire safety. However, additional safety measures may be necessary under certain circumstances.

- Fire warning devices and safety equipment are to be used in case of emergency. The sounding of a fire alarm should be taken seriously. In the event of an alarm, tenants should proceed in accordance with the instructions posted in and about University College. The intentional sounding of an alarm outside of an emergency situation is a criminal offense and a material breach of the Lease Agreement. At lease commencement, Landlord will test the smoke detectors in premises (room) for proper operation and working batteries. Upon notification by resident owner will replace battery.
- Tampering or altering the smoke detector will result in a \$25.00 fine. Any violation is a default under the Lease which would entitle Landlord to declare a default and pursue all remedies provided to Landlord. Fire code prohibits storage or use of barbecue grills in or on any building, walkway, stairway or balcony. Grills found on the premises will be disposed of by landlord. Microwaves, refrigerators, hot plates and other heat producing appliances are **specifically prohibited** except those provided in the room.
- **The use of candles on the premises is not permitted.** Some small appliances, such as radios, televisions and irons are permitted. Space heaters and other heating devices present a fire hazard and are prohibited. No incense or other odor producing items shall be used in or about the Premises.
- **Smoking is not allowed** in any interior areas including bedrooms, hallways, lobbies, stairwells, bathrooms or any other areas.

Emergency Fire Procedures

If you are involved in an emergency fire situation on University College Property, implement the four steps **FIRE Procedure**:

Find: If you see or smell smoke investigate. You should try to determine the extent (wastebasket, or entire wing of the building, etc.) Type (paper, electrical, etc.) And location of the fire.

Initiate: Alert the people in the vicinity to the danger as quickly as possible. Pull the Fire Alarm station and ask other people to assist in the evacuation of the building. Never try to control a fire before other people in the building and university police have been notified.

Report: Instruct someone to call university police at extension **4-911** or Dispatch office at **936-261-1375**. If you are alone, call university police prior to any attempt at extinguishing the fire.

Extinguish or evacuate! If the fire cannot be extinguished - **EVACUATE!** Use the stair well to exit the building. As you exit the building, close as many doors as possible. Closed doors act as fire barriers. Once outside, move to a safe meeting place away from the fire fighters and police. Tell the fire department if anyone is left in the building. Stay outside the building until the fire department has indicated that the building is safe to enter.

Fire Safety Education/Training

The Environmental Health & Safety Department (EHSD) is responsible for conducting ongoing fire prevention activities, including oversight of fire detection, response, and safety, and for providing liaison with outside agencies on matters relating to life and fire safety issues. The EHSD reviews construction and remodeling plans and monitors construction progress to ensure that life and fire safety requirements are adequately implemented. The EHSD performs periodic walk-through inspections of all PVAMU facilities at all campus locations. The EHSD also assist with the establishment of evacuation plans, conducts fire drills which include evacuation of the buildings, responds to alarms and systems, conducts fire investigations, trains and assists fire response personnel with the facility floor plan, provides fire safety and fire extinguisher training, and provides special assistance during fire alarms or other emergencies. Counselors with Confidential Reporting Procedures

As a result of the negotiated rule-making process which followed the signing into law, the 1998 amendments to 20 USC Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The Rule-making Committee Defines Counselors as:

Pastoral Counselor: An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.
Professional Counselor: An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

Most reports of missing college students are caused by mis-communication between the student and those who are concerned about the student's welfare. However, in the event of an incident of a possible missing person, the Prairie View A&M University Department of Public Safety will, without delay, take a proactive approach to all reports of missing students. If a student who resides in a facility owned or operated by Prairie View A&M University is reported as missing from his or her residence, the Department of Public Safety should be contacted immediately. The Department of Public Safety will be the lead law enforcement agency in charge of all reports of missing persons on campus. If it is determined that the student has been missing for a substantial amount of time, the student's confidential contact will be notified and immediately, an investigation will be initiated. Depending on the circumstances surrounding the disappearance of the student, the Department of Public Safety will notify the appropriate individual(s) with the Office of Student Affairs . The Department of Public Safety may call on other area law enforcement agencies for assistance in locating the missing student.

- American Campus Communities (University Housing) shall require every student living in campus housing, to provide a confidential contact, during the leasing process to ensure that an accurate record is available for Law Enforcement purposes ONLY. A list of all residents of the designated housing area shall be accessible at the Prairie View A&M University Department of Public Safety for on-duty police personnel (i.e., University Village Phases I, II, III and University College).

Missing Students Notification Policy (contd.)

- The Department of Public Safety will have access to a complete confidential contact list of all areas in the event that the campus police Dispatch Office is needed to notify designated individuals. The Missing Person Policy, as well as the required forms, will be available at the Department of Public Safety. The University Emergency Response Personnel "Call Out" list will also be provided to authorized individuals.
- In the event that the missing person situation poses a threat of imminent danger to the university, students, faculty and staff a campus-wide alert may be necessary; the Department of Public Safety will collaborate with Student Affairs, and PVAMU Administration to authorize a "Panther Alert" or the appropriate measures for notification.

Timely Warnings

Campus Emergency Response and Immediate Warning

In case of an emergency, Prairie View A&M University wants to protect its greatest assets, our students, faculty and staff. To keep the PVAMU campus communities informed in the event of an emergency, the University has established the Panther Alert System. The system, will notify the campus community of emergency situations (severe weather, serious threats to safety, etc.) via phone, text messages, and e-mails. Students, faculty and staff members are responsible for keeping their contact information current. Prairie View A&M University firmly believes that all students, faculty, staff, visitors and community are entitled to the most up-to-date and accurate warnings when a serious emergency occurs on campus. A variety of methods are used such as, text messaging, email, LED signage, postings and verbal announcements, the University will immediately alert the campus community upon confirmation of a significant emergency or dangerous situation which involves an immediate threat to the health or safety of students, faculty, staff and community members on campus. Information which is deemed to be compromising to efforts to contain the emergency may be withheld from the public. The emergency warning system shall be tested on an annual basis in the event that it was not activated for any real emergency situation in the interim. More information on the Panther Alert System is available at www.pvamu.edu/PAS. Additionally, the university Emergency Operations plan is available from the Environmental Health and Safety Department at:

Crime Prevention Education and Programs

Prairie View A&M University Department of Public Safety is "Community Policing Oriented" and uses a variety of crime prevention methods that also serve as early intervention programs. The department's belief is that the key to preventing crime is "Awareness and Educational Programs." The police department provides safety seminars and educational programs by police officers throughout the year in collaboration with Student Activities, Residential Life, New Student Orientation and the University's Counseling Center. The programs and seminars presented include Drugs/Alcohol, Driving Under the Influence (DUI), Rape Prevention, and Campus Safety and Security. A special session are held during freshman orientation to familiarize new students with campus law and personal safety on and off campus. The Department continues to pro-actively approach crime prevention through community policing efforts designed to enhance personal safety and help campus community members develop self-esteem, which contributes to a healthy community. All officers will continue to focus on crime prevention and early intervention programs on campus and throughout the surrounding communities. The police department is available to assist campus departments and community organizations in planning, presenting and coordinating activities and programs. Below are some of the programs presented by the Prairie View A&M University Department of Public Safety:

- Operation P. V. Identification- A program designed to reduce theft on the Prairie View A&M University Campus. It involves engraving property with a unique identifier so that property can be easily returned if lost or stolen.
- Community Policing Officer Program- A program in which police officers are assigned to resident halls to enforce housing regulations, and state and local laws, as well as to report safety hazard conditions. The officers are "eyes and ears" in the residence halls. The Officers are involved in the safety and security surveys of the campus buildings and grounds, crime prevention seminars, problem solving, customer service, distribution of campus safety and security literature.
- Escort Service - Faculty, staff and students are encouraged to request an escort to their vehicles when working late night hours. The services rendered by the Department of Public Safety Patrol service has played an important part in the increased visibility in buildings and on the grounds during the most demanding hours for services on the campus. Providing this vital service is a proactive measure of preventing crime against persons on the grounds and in our campus buildings.

Crime Prevention Education and Programs (contd.)

The program was created to reduce the harm associated with misuse of alcohol. The program provides the physiological, psychological and legal information to college students to help make responsible decisions about drinking, as well as non-drinking. This activity serves as an alcohol awareness campaign utilizing the student newspaper (The Panther), alcohol posters, pamphlets, brochures, handouts, bookmarks, and banners. Throughout the year, the Community Police Officers serve as program facilitators on crime prevention/safety upon request by campus organizations, clubs and professional organizations on and off campus.

SEXUAL ASSAULT AWARENESS AND EDUCATION POLICY

Prairie View A&M University is committed to maintaining a learning and work environment that is free of the threat of unwelcome and unwanted sexual actions. Sexual Assaults are serious violations of the federal and state law, as well as the University's Student Judicial Code, faculty Standards, and University employee policies. The University prohibits sexual offenses in any form. It is unacceptable behavior and sexual offenders will not be tolerated. It is the University's responsibility to make every effort to see that the victim of a reported sexual assault is offered medical and psychological care and counseling. The use of threats, force or intimidation to engage in sexual intercourse or other sexual contact against the victim's will is illegal in the State of Texas. They are crimes under state laws that are punishable by fines and/or imprisonment. In addition, these actions are subject to civil suit for damages.

Violation of the policy prohibiting sexual assault may lead to disciplinary actions, including reprimands, suspension, termination of employment or academic status as well as possible **criminal prosecution**.

SEXUAL ASSAULT AWARENESS AND EDUCATION POLICY (contd.)

Sexual assault offences are classified as follows:

Sex Offenses--Forcible

Any sexual act directed against another person, forcible and/or against that person's will; or not forcible or against the person's will where the victim is incapable of giving consent.

Forcible Rape ----The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).

Forcible Sodomy--Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault With An Object— The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcible and/or against that person's will; or not forcible or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Forcible Fondling— The touching of the private body parts of another person for the purpose of sexual gratification, forcible and/or against that person's will; or, not forcible or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sex Offenses-Non-forcible

Unlawful, non-forcible sexual intercourse.

Incest—Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape— Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Texas Code

The above acts constitute sexual assault when they are committed against a person's will as evidenced by refusal of consent or through the use of force, threat, or intimidation; or against a person who, by virtue of mental incapacity or physical helplessness, is unable to understand the nature or consequences of the sexual act or unable to communicate an unwillingness to engage in the sexual act. This includes, but is not limited to, incapacity or helplessness caused by alcohol or other drugs. Intoxication of the assailant shall not diminish the assailant's responsibility for sexual assaults.

Texas Code (contd.)

Acquaintance Rape is sex against a person's will by someone the person knows:

- At least one-third of all reported rape victims know their attacker—as a date, steady relationship, or a casual friend.
- Teenage girls and young women more likely to be victims than any other age group. Acquaintance rapists use psychological pressure, as well as physical force.

Being forced into having sex - even if it is by someone you know - is rape, and it is a crime. Nothing gives a person the right to assault anyone - sexually or otherwise.

How To Protect Yourself

- Before dating someone you do not know well, check the person out with friends.
- Plan to meet someplace where there are other people--a restaurant, a movie, a mall, or go with a group of friends.
- Be prepared to find your own transportation home. Carry change for a phone call to your parents or a friend and enough cash for a taxi.
- Don't get drunk or stoned. Remember drugs and alcohol decrease your ability to take care of your self and make sensible decisions.
- Clearly and firmly let your date know your limits before you get into a situation you cannot control.
- Do not leave a party, a concert, or a ball game with someone you just met.
- Trust your instincts. If you think something is not quite right or you feel uneasy, get to where there are other people or tell your date to leave - NOW. Be assertive.

WHAT TO DO IF YOU OR SOMEONE ELSE BECOMES A VICTIM OF A SEXUAL ASSAULT

Procedures For Reporting A Sex Offense

If you are raped or sexually assaulted:

1. Get to a safe place as soon as you can.
2. Contact Someone You Trust To Be With You And Support You.
3. Try to preserve all physical evidence.
4. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper (not plastic) bag.
5. Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action.
