

Timothy F. Cole is the Learning Resource Specialist in the Center for Innovative Teaching and Learning. Currently, he works with the diverse faculty and staff of the university to increase student engagement using technology and interactive teaching strategies. He holds a Bachelor degree in Interdisciplinary Studies and Master Degrees in Reading Education and Instructional Technology from Prairie View A&M University.

He is an expert in the use of Microsoft Office Suite and other computer software applications, provides training and on-site assistance to faculty & staff in the selection of technology resources & solutions for classroom use. Also, he facilitates a wide range of professional development webinars, workshops, and is available for individual or group faculty consultations.

Timothy has attended professional conferences, workshops, and staff development functions outside of the university to further develop his knowledge base and skills. Timothy holds a Bachelor degree in Interdisciplinary Studies and Master Degrees in Reading Education and Instructional Technology from Prairie View A&M University.
