

Central Tendency Computations

CNSL5093 - Central Tendency Computations

Element	Levels of Performance		
1. Given a data set, student demonstrates ability to compute mean	__Target(3) G iven a data set, student demonstrates ability to compute mean correctly	__Acceptable(2) < span style="font-size: 12pt; font-family: 'Times New Roman', 'serif'";>G iven a data set, student demonstrates ability to compute mean with 	__Unacceptable(0-1) Includes correct computations. Shows multiple computational approaches
	_____ _____ _____		
2. Given a data set, student demonstrates ability to compute median	__Target(3) G iven a data set, student demonstrates ability to compute median correctly	__Acceptable(2) < span style="font-size: 12pt; font-family: 'Times New Roman', 'serif'";>G	__Unacceptable(0-1) <p>Given data set, computations of the median is incorrect and based on incorrect

		<p>iven a data set, student &nbsp;basic computations of median includes errors.</p>	<p>procedure</p></p>
<p>3. Given a data set, student demonstrates ability to identify the mode</p>	<p>__Target(3) G iven a data set, student demonstrates ability to identify the mode</p>	<p>__Acceptable(2) G iven a data set, student &nbsp;basic incorrectly identifies the mode</p>	<p>__Unacceptable(0-1) <p>Given data set, the identification of the mode is incorrect and based on incorrect procedure</p></p>
