School of Architecture

ADMINISTRATIVE OFFICER

Ikhlas Sabouni, Dean

ADMINISTRATIVE STAFF

Peter Wood, Coordinator, Professional Program-Architecture

FACULTY

Caryl Abrahams, Community Development
Jonti Bolles, Architecture
Marshall Brown, Architecture
Richard Ferrier, Architecture
James B. Griffin, Community Development
Brad McCorkle, Architecture
Barry Norwood, Architecture
Yunsik Song, Architecture

PURPOSE AND GOALS

The School of Architecture is dedicated to preparing students to play a leadership role in rebuilding America’s cities and improving the quality of the built environment. By offering a diverse curriculum led by an accomplished faculty in a computer and studio intensive environment, the School of Architecture will educate significant practitioners and leaders in architecture, planning and construction.

INSTRUCTIONAL ORGANIZATION

The School of Architecture offers the following graduate degree programs:

<table>
<thead>
<tr>

</table>

MASTER OF ARCHITECTURE DEGREE PROGRAM

Students majoring in architecture will be challenged to develop their abilities in problem solving, creative thinking and informed decision making as a focus of their education. They will accomplish this in a well protected and student centered environment that fosters personal development and professional excellence. The location of the School near the City of Houston offers an opportunity for students to enrich their learning experience through access to the greater architectural and construction community of the region and to many employment opportunities in the fields.

ADMISSION REQUIREMENTS

All students admitted to the Master of Architecture program must meet the admission requirements of the Graduate School of Prairie View A&M University. In addition, for students matriculating from a four-year, pre-professional program (for example, Program B of the PVAMU B.S. in Architecture degree) or entering the program with a bachelors degree in some field other than architecture, the School of Architecture will require submission of a design portfolio for review.
ACCREDITATION

The Master of Architecture degree is accredited by the National Architectural Accrediting Board (NAAB).

“In the United States, most registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. The National Architectural Accrediting Board (NAAB), which is the sole agency authorized to accredit US professional degree programs in architecture, recognizes two types of degrees: the Bachelor of Architecture and the Master of Architecture. A program may be granted a five-year, three-year, or two-year term of accreditation, depending on its degree of conformance with established educational standards.

Masters degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree, which, when earned sequentially, comprise an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.” (NAAB, 1998)

DEGREE PROGRAM REQUIREMENTS

The degree requires a minimum of 36 semester credit hours. The core of the program consists of 30 credit hours of courses required of all students. A list of pre-approved courses is provided. From it the student may select the remaining six credit hours. Alternative courses may be selected from offerings of other degree programs on campus, with departmental approval.

Required graduate-level courses ....................................................................................................................... 30 SCH
ARCH 5506 Internship
ARCH 5566 Architecture Design IX
ARCH 5513 Research Seminar

SUGGESTED DEGREE PROGRAM SEQUENCES

PROGRAM I: For students matriculating from Program A – the Professional Track of the Prairie View Architecture Program. This option will offer the coursework necessary to complete the accredited professional degree in architecture.

**MASTER OF COMMUNITY DEVELOPMENT DEGREE PROGRAM**

The master’s program is based on the concept of Community Development as a profession. This demands an integrative educational experience. The curriculum must broaden the knowledge base, promote a sense of research, fast learning and decision making; and develop interactive and collaborative skills applicable to teamwork, management, leadership and entrepreneurship.

**ADMISSION REQUIREMENTS**

Regular application requirements of the University apply to all applicants for the Community Development Masters degree. In addition, the candidates must schedule a meeting with the program director to develop a study plan which will lay out course selections and identify the need, if any, for additional credit hours beyond the required 36.

**DEGREE PROGRAM REQUIREMENTS**

The degree requires a minimum of 36 semester credit hours. The core of the program consists of 24 credit hours of courses required of all students. A list of pre-approved courses is provided. From it the student may select the remaining twelve credit hours. Alternative courses may be selected from offerings of other degree programs on campus, with departmental approval.

**Required courses**
