Subject: Applying for Scholarships

The deadline for applying for scholarships for the 2006-2007 academic year is June 1, 2006. Annually numerous scholarships at the department level and in the Office of Student Financial Aid are not awarded because students have not applied for them. The criterion for some of these scholarships is simply that a student must demonstrate financial need and, in some cases, are not based upon current or previous academic performance.

To be considered for scholarships residing in the Office of Student Financial Aid, students should complete the scholarship application included in this notice and return the completed application to the Office of Student Financial Aid Scholarship Office. The Scholarship Office is located on the third floor of the Memorial Student Center. If you have questions about available scholarships please contact the Scholarship Office at (936) 857-4853 and ask to speak with Ms. Linda Durham.

In addition to the scholarships in the Office of Student Financial Aid there are also scholarships offered by departments. These scholarships have varying eligibility criteria; therefore, students should confer with their departmental faculty to see if there are any scholarships that they might qualify for.

Please take the time to review and complete the attached application and return it to the Scholarship Office by June 1, 2006.
