

PVAMU DOCTORAL TUITION & FEE WAIVER PROGRAM

Waiver Information

The PVAMU Doctoral Tuition and Fee Waiver Program covers tuition and fees for full-time enrolled students pursuing doctoral degrees. New and continuing students must complete this application form and submit all required documents to the Graduate School.

Waiver Requirements

- Must be enrolled full-time (minimum of nine semester credit hours during the fall and spring, six hours during the summer) in the Ph.D. program. Students who are ABD (All But Dissertation) or who are in required clinical internship and thus do not need full-time credits according to their degree plan and who are making satisfactory academic progress, may be able to continue to access the doctoral tuition and fees scholarship as funds allow. Doctoral students still in, required full-time courses will be given priority when funds are limited;
- Must be in good academic standing (3.00 Cumulative GPA);
- Must be employed on campus, preferably in a Graduate Assistantship position (rare exceptions may be made on a case-by-case basis);
- Must submit a complete application packet, which includes the completed PVAMU Doctoral Tuition and Fee Waiver Application, employment offer letter, copy of current term enrollment, and copy of university tuition and fee statement*.

* Students who are anticipating an out-of-state tuition waiver should turn in a fee bill only after the out-of-state waiver is applied to their account.

Submission Instructions and Deadline

Completed applications must be submitted via DocuSign, email or in-person. Please note that students should not anticipate a scholarship to pay outstanding fee bills.

Questions regarding the scholarship may be directed below:
