INTRODUCTION TO PARTS I AND II

BACKGROUND

Prairie View A&M University is a member of The Texas A&M University System, one of the largest systems of public higher education in the nation. Prairie View A&M University was established in 1876.

Prairie View A&M University is a federal government supply and service contractor subject to the affirmative action requirements of Executive Order 11246 as amended, the Rehabilitation Act of 1973 as amended, and the Vietnam Veterans' Readjustment Assistance Act of 1974 as amended. Because Prairie View A&M University has \$50,000 or more in annual contracts with the federal government and has 50 or more employees, we are required to prepare annual written Affirmative Action Plans (AAPs) for minorities and women, for protected veterans, and for individuals with disabilities for our organization. Failure to comply with these laws and their implementing regulations, which are enforced by the Office of Federal Contract Compliance Programs (OFCCP), can result in debarment of the university from future contracts and subcontracts.

Affirmative action is a term that encompasses any measure adopted by an employer to correct or to compensate for past or present discrimination or to prevent discrimination from occurring in the future. Affirmative action goes beyond the simple termination of a discriminatory practice.

As stipulated in federal regulations, a prerequisite to the development of a satisfactory affirmative action plan is the evaluation of opportunities for protected group members, as well as an identification and analysis of problem areas inherent in their employment. Also, where an analysis reveals a statistically significant disparity between incumbency and availability, an AAP details specific affirmative action steps to guarantee equal employment opportunity. These steps are keyed to the problems and needs of protected group members. For minorities and women, such steps include the development of hiring and promotion goals to rectify the disparity between incumbency and availability. For protected veterans and individuals with disabilities, such steps will include a thorough review of the university's outreach efforts to determine the effectiveness of such efforts in closing the hiring and/or utilization gaps. It is toward this end that the following AAP of Prairie View A&M University was developed.

APPLICABLE AFFIRMATIVE ACTION LAWS AND REGULATIONS

Prairie View A&M University's AAP for minorities and women (Part I) has been prepared according to Executive Order 11246, as amended, and Title 41, Code of Federal Regulations, Part 60-1 (Equal Employment Opportunity Duties of Government Contractors), Part 60-2 (Affirmative Action Programs of Government Non-Construction Contractors (also known as "Revised Order No. 4"), and Part 60-20 (Sex Discrimination Guidelines for Government Contractors).

Prairie View A&M University has developed separately an affirmative action plan for protected veterans and individuals with disabilities (Part II), prepared in accordance with the Rehabilitation Act of 1973, Section 503, as amended; and Title 41, Code of Federal Regulations, Part 60-741 (Affirmative Action Program for Individuals with Disabilities); the Vietnam Era Veterans'

Readjustment Assistance Act of 1974, as amended; and Title 41, Code of Federal Regulations, Part 60-300 (Affirmative Action Program for Protected Veterans).

The Jobs for Veterans Act (JFVA), Public Law 107-288, effective December 1, 2003, increased the threshold for coverage under 38 U.S.C. §4212 from \$25,000 to \$100,000; grants VEVRAA protection to those veterans who, while serving on active duty in the Armed Forces, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985 (62 Fed. Reg. 1209); changes the definition of “recently separated veteran” to include “any veteran during the three-year period beginning on the date of such veteran’s discharge or release from active duty”; changes “Special Disabled Veterans” to “Disabled Veterans,” expanding the coverage to conform to 38 U.S.C. § 4211 (3); and, following publication of the final regulations, requires contractors to post job listings with their local employment service delivery system.

PROTECTED GROUPS

Coverage under affirmative action laws and regulations applies to:

Women and minorities who are recognized as belonging to or identifying with the following race or ethnic groups: Blacks/African Americans, Hispanics/Latinos, Asians/Pacific Islanders, and American Indians/Alaskan Natives, and Two or More Races.

Disabled veteran: (1) A veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs, or (2) a person who was discharged or released from active duty because of a service-connected disability.

Recently separated veterans: Any veteran during the three year period beginning on the date of such veteran’s discharge or release from active duty in the U.S. military, ground, naval or air service.

Active duty wartime or campaign badge veteran: A veteran who served on active duty in the U.S. military, ground, naval or air service during a war or in a campaign or expedition for which a campaign badge has been authorized, under the laws administered by the Department of Defense.

Armed Forces service medal veteran: Veterans who, while serving on active duty in the U.S. military ground, naval or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

An individual with a disability: 1) a person who has a physical or mental impairment that substantially limits one or more of his/her major life activities; (2) has a record of such impairment, or (3) is regarded as having such an impairment

PROGRAM TERMINOLOGY

The terms "comparison of incumbency to availability," "deficiency," and "problem area" appearing in this AAP are terms Prairie View A&M University is required by government regulations to use. The criteria used in relation to these terms are those specified by the government. These terms have no independent legal or factual significance whatsoever. Although Prairie View A&M University will use the terms in total good faith in connection with its AAP, such use does not necessarily signify that it agrees that these terms are properly applied to any particular factual situation and is not an admission of non-compliance with EEO laws, regulations, and objectives.

The comparison of incumbency to availability contained herein is required by government regulations to be based on certain statistical comparisons. Geographic areas and sources of statistics used herein for these comparisons were used in compliance with government regulations, as interpreted by government representatives. The use of certain geographic areas and sources of statistics does not indicate Prairie View A&M University's agreement that the geographic areas are appropriate in all instances of use or that the sources of statistics are the most relevant. The use of such geographic areas and statistics may have no significance outside the context of this AAP. Such statistics and geographic areas will be used, however, in total good faith with respect to this AAP.

The grouping of job titles into a given job group does not suggest that Prairie View A&M University believes the jobs so grouped are of comparable worth.

Whenever the term "goal" is used, it is expressly intended that it does "not provide the contractor with a justification to extend a preference to any individual, select an individual, or adversely affect an individual's employment status, on the basis of that person's race, color, religion, sex, sexual orientation, gender identity, or national origin" as stated in Title 41 Code of Federal Regulations, Part 60-2.16(e)(2).

This AAP is not intended to create any contractual or other rights in any person or entity.

RELIANCE ON EEOC'S GUIDELINES

Although Prairie View A&M University does not believe any violation of Title VII of the Civil Rights Act exists, it has developed this AAP in accordance with and in reliance upon the EEOC's Guidelines on Affirmative Action, Title 29 Code of Federal Regulations, Part 1608.

REPORTING PERIOD

This AAP is designed to cover the following reporting period,

- Employment Transaction period: 1/1/2019 – 12/31/2019
- AAP implementation period: 1/1/2020 – 12/31/2020

STATEMENT OF PURPOSE FOR PARTS I AND II

This AAP has been designed to bring women and men, members of minority groups, protected veterans, and individuals with disabilities into all levels and segments of Prairie View A&M University's workforce in proportion to their representation in the qualified relevant labor market.

The AAP, therefore, is a detailed, results-oriented set of procedures which, when carried out, results in full compliance with equal employment opportunity requirements.

The manner in which this is to be accomplished becomes technical and somewhat complicated. There are several reasons for this. First, Prairie View A&M University is subject to and must address a variety of state and federal laws and guidelines dealing with equal employment opportunity and affirmative action. These guidelines and requirements are in themselves somewhat technical and complex. In addition, relevant court decisions, which are often useful in interpreting, but sometimes conflict with, these requirements and guidelines, must be taken into account when developing and implementing the AAP. Furthermore, in determining Prairie View A&M University's current equal employment opportunity and affirmative action position and its desired future achievements, numbers, percentages, statistics, and numerous calculations and computations must come into play.

The technical, legal, and mathematical aspects of the AAP, however, all have one common purpose—to allow us to properly identify three key concepts:

1. Where we stand now,
2. Where we must go,
3. How best to get there.

These three concepts are the Affirmative Action Plan.

CHAPTER 1: ORGANIZATIONAL PROFILE

41 C.F.R. § 60-2.11

Workforce Analysis/Lines of Progression

Prairie View A&M University conducted a workforce analysis to identify employees by sex and race/ethnicity in each job title. The data was collected from payroll records dated 12/31/2019.

Job titles are listed by organizational unit and are listed from lowest to highest paid. The list includes all job titles, including departmental supervision, exempt, and nonexempt titles.

For each job title, Prairie View A&M University identified the total number of employees, the number of male and female employees, the total number of minority employees, the male and female minority employees, the total number of employees who are White, Black, Hispanic, Asian, American Indian or Alaskan Native, Native Hawaiian or Pacific Islander, and Two or More races, and the male and female employees within each of these race/ethnic groups.

Lines of Progression

Developed in conjunction with the workforce analysis is information on Prairie View A&M University's lines of progression. Lines of progression (career ladders/career paths) identify the job titles through which an employee can move to the top of a line. For each line of progression, applicable departments are identified. These are the departments which employ persons in the job titles in the specified line of progression. Some lines of progression are limited to only one department, while others are found throughout several departments.

The lines of progression provide useful information regarding patterns of vertical and horizontal movement throughout our workforce. These patterns will be evaluated to ascertain whether they provide to our employees the optimum career mobility and opportunities for advancement.

See the *Workforce Analysis/Lines of Progression* for the results per organizational unit.

CHAPTER 2: JOB GROUP ANALYSIS

41 C.F.R. § 60-2.12

Although the workforce analysis was conducted individually for every job title, after it was completed, job titles were grouped for the comparison of incumbency to availability and for setting goals. There were several reasons for grouping jobs.

Many job titles are so similar in content that handling them individually in the AAP is not necessary. Grouping together these very similar titles is appropriate for the comparison of incumbency to availability. For many job titles, the availability data that can be collected is limited, and the same data must be used for several related jobs. Therefore, grouping these related titles together is logical. Also, many job titles have so few incumbents in them that identifying disparities between incumbency and availability by job title is meaningless—as problem areas would be identified in terms of fractions of people. By grouping several similar titles and increasing the number of employees involved, a meaningful comparison can be conducted; any identified problem areas are more likely to be in terms of whole people.

The three reasons for grouping job titles (job content, wages, opportunity) all discuss "similar" or "related" jobs. That is the most critical guideline in creating job groups. Above all, the job titles placed into a job group must be more similar or related to each other than the job titles in other job groups.

Job groups must have enough incumbents to permit meaningful comparisons of incumbency to availability and goal setting. No minimum size has been established for this purpose, however, since it is dependent not only on the size of the job group, but also on the size of the availability percentage and the number of minorities or women already employed in the job group.

Prairie View A&M University did not combine job titles with different content, wages, or opportunities if doing so would have obscured problem areas (e.g., job groups which combine jobs in which minorities or women are concentrated with jobs in which they are underrepresented).

CHAPTER 3: PLACEMENT OF INCUMBENTS IN JOB GROUPS
41 C.F.R. § 60-2.13

Each job group appears on a Job Group Report with a job group name and number. The report lists each job title in the job group. For each job title, the worksheet provides the following information: EEO reporting category, job title, employee headcounts for each job title, and overall percentages by sex and race/ethnicity as of 12/31/2019.

See the *Job Group Analysis* for the listing of the job titles and the associated race and sex headcounts per job group.

CHAPTER 4: DETERMINING AVAILABILITY

41 C.F.R. § 60-2.14

"Availability" is an estimate of the proportion of each sex and race/ethnic group available and qualified for employment at Prairie View A&M University for a given job group in the relevant labor market during the life of the AAP. Availability indicates the approximate level at which each race/ethnic and sex group could reasonably be expected to be represented in a job group if Prairie View A&M University's employment decisions are being made without regard to sex, race, or ethnic origin. Availability estimates, therefore, are a way of translating equal employment opportunity into concrete numerical terms. Correct comparisons of incumbency to availability, worthwhile and attainable goals, and real increases in employment for problem area groups depend on competent and accurate availability analyses. With valid availability data, we can compare the percentages of those who could reasonably be expected to be employed versus our current employment (from the workforce analysis), identify problem areas, and establish percentage goals to correct the problems.

Steps in Comparison of Incumbency to Availability

Identify Availability Factors

The following availability factors are required of federal government contractors for consideration when developing availability estimates for each job group:

1. External Factor: The external requisite skills data comes from the 2010 Census of Population.
 - A. Local labor area: An employee Zip Code Analysis was used to identify the most precise local labor area for Prairie View A&M University. The final local labor area met the following two (2) conditions: 1) it includes all counties/county sets where 5% or more of the employees/applicants resided, and 2) when summed, those counties/county sets accounted for at least 78% of the total applicants/employees within the at-issue workforce. Smaller contributing counties/county sets are removed (i.e., trimmed) unless they are necessary to reach 78%. Once trimmed, the weights for the remaining counties/county sets were proportionately increased to reach 100%.
 - B. Reasonable labor area: National

See the *Zip Code Analysis* report for the counties included in the local labor area.

Note: Zip code analysis results only apply to job groups where populated census data is available.

2. Internal Factor: The percentage of minorities or women among those promotable, transferable, and trainable within the contractor's organization. See the *Internal Availability Analysis* for more detail.

Assign Internal and External Factor Weights: Weights were assigned to each factor for each job group. A combination of historical data and experience were used to determine the weights. Weights were never assigned in an effort to hide or reduce problem areas.

Identify Final Availability: Weights were multiplied by the component-specific data to produce weighted data for each component. Weighted data for each component was summed. This produced a final availability estimate for each sex and race/ethnic group, as well as for minorities in the aggregate.¹

See the *Availability Analysis* for the availability breakdown for each job group.

¹In most cases, the final availability report (and most other technical reports in this AAP) only includes data/information for females and minorities in the aggregate.

CHAPTER 5: COMPARING INCUMBENCY TO AVAILABILITY
41 C.F.R. § 60-2.15

Once final availability estimates were made for each job group, Prairie View A&M University compared the percentage of incumbents in each job group to their corresponding availability. A comparison was made between the percentage employed as of 12/31/2019 and that group's final availability.

See the *Comparison of Incumbency to Availability* for the results per job group.

CHAPTER 6: PLACEMENT GOALS
41 C.F.R. § 60-2.16

Prairie View A&M University has established an annual percentage placement goal whenever it found that minority or female representation within a job group was less than would reasonably be expected given their availability. In each case, the goal was set at the availability figure derived for women and/or minorities, as appropriate for that job group. These goals take into account the availability of qualified persons in the relevant labor area. They also take into account anticipated employment opportunities with our organization. Goals are not rigid and inflexible quotas which must be met, but are instead targets reasonably attainable by means of applying good faith efforts to make all aspects of the entire AAP work. These goals will be reached primarily through recruiting and advertising to increase the pool of qualified minority and female applicants and through implementation of our action-oriented programs (see Chapter 9). Selections will occur only from among qualified applicants. Goals do not require the hiring of a person when there are no vacancies or the hiring of a person who is less likely to do well on the job ("less qualified") over a person more likely to do well on the job ("better qualified"), under valid selection procedures. Goals do not require that Prairie View A&M University hire a specified number of minorities or women.

A goal is a guidepost against which Prairie View A&M University, a community group, or a compliance agency can measure progress in remedying identified underutilization in Prairie View A&M University's workforce. By setting realistic goals, Prairie View A&M University should be able to meet the goals, assuming we conduct effective recruitment and advertising efforts to ensure an adequate pool of qualified minority and/or female applicants.

See the *Placement Goals* report for each job group and the *Goals Progress Report* for progress made since the previous AAP.

CHAPTER 7: DESIGNATION OF RESPONSIBILITY

41 C.F.R. § 60-2.17(A)

6. Take action to prevent harassment of employees placed through affirmative action efforts.
7. Assist in identifying problem areas and provide needed information for establishing and meeting department affirmative action goals and objectives.

CHAPTER 8: IDENTIFICATION OF PROBLEM AREAS
41 C.F.R. § 60-2.17(B)

Terminology

The phrases “comparison of incumbency to availability” and “problem area” appearing in this chapter are terms Prairie View A&M University is required by government regulations to use. The criteria used in relation to these terms are those specified by the government. These terms have no independent legal or factual significance. Although Prairie View A&M University will use the terms in good faith in connection with its AAP, such use does not necessarily signify the member agrees that these terms are properly applied to any particular factual situation and is not an admission of non-compliance with EEO laws, regulations, and objectives. Whenever the term “goal” is used, it is expressly intended that it does "not provide the contractor with a justification to extend a preference to any individual, select an individual, or adversely affect an individual’s employment status, on the basis of that person’s race, color, religion, sex, sexual orientation, gender identity, or national origin" as stated in Title 41 Code of Federal Regulations, Part 60-2.16(e)(2).

In addition to comparing incumbency to availability within job groups, Prairie View A&M University has conducted studies to identify problem areas in each of its selection procedures (i.e., hires, promotions, and terminations). Prairie View A&M University will continue to monitor and update these studies during each AAP year. In each case where potential problem areas have been identified, affirmative actions, as appropriate, will be taken consistent with any of the action-oriented programs described in Chapter 9 of this AAP.

Goals are established within each of the job groups at no less than the current availability data for the job group.

41 C.F.R. § 60-2.17(b)(1): Workforce by Organizational Unit and Job Group

An analysis of minority and female distribution within each organizational unit was accomplished by a thorough review of the *Workforce Analysis*.

An analysis of minority and female utilization within each job group was accomplished by a thorough review of the *Comparison of Incumbency to Availability* reports.

41 C.F.R. § 60-2.17(b)(2): Personnel Activity

Applicant flow, hires, promotions, and terminations were analyzed by job group. An analysis of selection disparities in personnel activity between men/women and whites/minorities was accomplished by a thorough examination of transaction data. See the *Summary of Personnel Transactions Report* for each job group.

41 C.F.R. § 60-2.17(b)(3): Compensation Systems

Compensation analyses were conducted by comparing the salaries for men v. women, and whites v. minorities in each job title.

CHAPTER 9: ACTION-ORIENTED PROGRAMS
41 C.F.R. § 60-2.17(C)

Prairie View A&M University tailors our action-oriented programs each year to ensure they are specific to the problem identified.

Action-Oriented Programs:

The Action-Oriented Programs designed to address the underutilization of women and minorities are listed below. These Action-Oriented Programs will be carried out throughout the AAP year. The Director of Equal Opportunity and Diversity, with the help of the managers and supervisors, will be responsible for ensuring that the following are implemented.

Recruitment:

1. Prairie View A&M University will continue to place advertisements of job opportunities through local job service offices. Positions are listed on the Prairie View A&M University online career site and the Texas A&M University System career site. Vacancy announcements are picked up from the online career site by the Texas Workforce Commission (TWC), Higher Education Recruitment Consortium, and JobElephant recruitment sources which include but not limited to: Academic Careers, AsiansinHigherEd; DisabledinHigherEd; HispanicsinHigherEd; VeteransinHigherEd. and WomeninHigherEd., HigherEdjobs.com,
2. Due to the extensive technical education and experience required for some positions, Prairie View A&M University will also continue to place job opportunity announcements on its website and in local, regional, state, and/or national media when appropriate.
3. Job advertisements will always carry the Equal Employment Opportunity clause.
4. Minority and female applicants will be considered for all positions for which they are qualified.
5. Prairie View A&M University will participate in job fairs if there are sufficient numbers of openings to warrant participation. Prairie View A&M University will continue to participate in the annual job fairs in the local community as well as online job fairs with a focus on outreach to specific job groups.
6. Prairie View A&M University will continue to employ work-study students during the summer and part-time during the school year.
7. Prairie View A&M University will continue to publish recruiting media where minority and female members of the workforce are included.

8. Annual placement goals are communicated to the hiring manager upon posting a position within a job group having an annual goal. This direct communication increases the awareness of the placement goal and hiring managers are encouraged to proactively recruit and advertise to increase the pool of qualified minority and female applicants.
9. Prairie View A&M University supports and promotes the Department of Labor's Campaign for Disability Employment. The campaign seeks to promote positive employment outcomes for people with disabilities by encouraging employers to recognize the value and talent that people with disabilities bring to the workplace.

CHAPTER 10: INTERNAL AUDIT AND REPORTING
41 C.F.R. § 60-2.17(D)

Inherent in the AAP is the need for periodic self-assessment of problems encountered, corrective action taken, and progress made. Self-evaluation requires complex record keeping systems on applicants, employees, and components of the AAP itself.

The objective of all record keeping systems is to assess the results of past actions and identify trends, the appropriateness of goals and objectives, the appropriateness and relevancy of identified solutions to problems, and the adequacy of the plan as a whole. In addition, a further objective is to identify the proper corrective actions to be made to appropriate components.

In order to fully achieve the objectives of such a record keeping system, the results of it must lead to follow-up through feedback to managers, supervisors, and staff; through reallocation of resources; through modifications to plans and the record keeping system itself; and/or through appropriate recognition of personal achievements as well as corrective actions for discriminatory acts.

The records that are maintained are the basis for updating the affirmative action plan, including revising the availability data and establishing annual percentage goals. The internal audit and reporting system is used as the basis for evaluating systemic, results-oriented programs and affirmative action efforts.

The Prairie View A&M University's auditing and reporting system periodically measures the effectiveness of its total affirmative action program. The Associate Vice President for Human Resources:

1. Monitors records of all personnel activity, including referrals, placements, transfers, promotions, terminations, and compensation, at all levels to ensure the nondiscriminatory policy is carried out;
2. Requires internal reporting on a scheduled basis as to the degree to which equal employment opportunity and organizational objectives are attained;
3. Reviews report results with appropriate levels of management; and
4. Advises top management of program effectiveness and submit recommendations to improve unsatisfactory performance.

It is the policy of Prairie View A&M University and my personal commitment that equal opportunity be provided in the employment and advancement of all persons regardless of race, religion, color, national origin, sex, age, disability, veteran status, sexual orientation and gender identity, including at the executive level. Prairie View A&M University does not and will not discriminate against any applicant or employee on the basis of race, religion, color, national origin, sex, age, disability, veteran status, sexual orientation, and gender identity for any position for which the applicant or employee is qualified. In addition, Prairie View A&M University is committed to taking affirmative action to employ and advance in employment qualified protected veteran employees and individuals with disabilities. Such affirmative action will apply to all employment practices, including, but not limited to, hiring, upgrading, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship and on-the-job training. Decisions related to personnel policies and practices will be made on the basis of an individual's capacity to perform a particular job and the feasibility of any reasonable job accommodation. Prairie View A&M University will make every effort to provide reasonable accommodations for any physical and mental limitations of individuals with disabilities and disabled veterans.

Employees and applicants will not be subjected to harassment, intimidation, threats, coercion, or discrimination because they have engaged in or may engage in any activity protected by state, federal, or local anti-discrimination laws, including the following activities:

- (1) Filing a complaint;
- (2) Assisting or participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of the affirmative action provisions of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (VEVRAA), or any other federal, state or local law requiring equal opportunity for disabled veterans, recently separated veterans, active wartime or campaign badge veterans, or Armed Forces service medal veterans; Section 503 of the Rehabilitation Act of 1973, as amended (Section 503); or any other federal, state or local law requiring equal opportunity for individuals with disabilities;
- (3) Opposing any act or practice made unlawful by VEVRAA or its implementing regulations or any other federal, state or local law requiring equal opportunity for disabled veterans, recently separated veterans, active wartime or campaign badge veterans, or Armed Forces service medal veterans; Section 503 or its implementing regulations; or any other federal, state or local law requiring equal opportunity for disabled persons; or
- (4) Exercising any other right protected by VEVRAA or Section 503 or their implementing regulations.

Our obligations in this area stem from not only adherence to various state and federal regulations, but also from our commitment as an employer in this community to provide job opportunities to all persons regardless of race, religion, color, national origin, sex, age, disability, veteran status,

sexual orientation or gender identity. Prairie View A&M University's EEO and affirmative action obligations are fully supported by University President, Ruth J. Simmons.

Prairie View A&M University will also continually implement and update audit and reporting systems that measure the effectiveness of the AAP, identify the need for remedial actions, determine if objectives were attained, and determine if opportunities to participate in employer-sponsored activities were extended to all employees and applicants.

Prairie View A&M University is also committed to abiding by the Pay Transparency Nondiscrimination Provision and, therefore, will not discharge or in any other manner discriminate or retaliate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. Prairie View A&M University's employees who have access to the compensation information of other employees or applicants as part of their essential job functions are informed and trained not to disclose the pay of other employees or applicants to individuals who do not otherwise have access to compensation information, unless the disclosure is (a) a response to a formal complaint or charge; (b) in furtherance of an investigation, proceeding, hearing, or other action, including an investigation conducted by the employer, or (c) consistent with the Prairie View A&M University's legal duty to furnish the information.

CHAPTER B: REVIEW OF PERSONNEL PROCESSES
41 C.F.R. §§ 60-300.44(B); 60-741.44(B)

To ensure that all personnel activities are conducted in a job-related manner which provides and promotes equal employment opportunity for all known protected veterans and employees and individuals with disabilities, reviews are periodically made of our examination and selection methods to identify barriers to employment, training, and promotion.

- 1) Prairie View A&M University periodically conducts a review of its employment processes to ensure the thorough and systematic consideration of the job qualifications of 1) known protected veteran applicants and employees, and 2) applicants and employees with disabilities, for job vacancies filled either by external hiring or internal promotions/transfers, as well as for all training opportunities available. In order to determine whether an individual is qualified for a particular job, the content of the job is closely examined, as well as the job qualifications of known protected veterans and individuals with disabilities, both applicants and employees. In determining the qualifications of a protected veteran, consideration is given only to that portion of the military record, including discharge papers, relevant to the job qualifications for which the veteran is being considered.
- 2) Prairie View A&M University ensures that its personnel processes do not stereotype individuals with disabilities or protected veterans in a manner which limits their access to jobs for which they are qualified.
- 3) Prairie View A&M University ensures that applicants and employees with disabilities have equal access to its personnel processes, including those implemented through information and communication technologies.
- 4) Prairie View A&M University provides reasonable accommodations for applicants and employees with disabilities, unless such accommodations will cause undue hardship, to ensure that equal employment opportunity is extended in the operation of its personnel processes.
- 5) Prairie View A&M University ensures that its information and communications systems are accessible to all employees and applicants with disabilities, even in the absence of a specific request for accommodation.

CHAPTER C: PHYSICAL AND MENTAL QUALIFICATIONS
41 C.F.R. §§ 60-300.44(C); 60-741.44(C)

To ensure that all physical and mental qualifications and requirements are job-related, reviews are periodically made of these qualifications and requirements as they relate to employment, training, and promotion.

The physical and mental job requirements are reviewed to determine whether or not they are job-related and consistent with business necessity and safe performance on the job.

Schedule for Review: Any previously reviewed classification will be reviewed again if there is a change in working conditions that affects the job's physical or mental requirements (e.g., new requirements, new equipment).

**CHAPTER D: REASONABLE ACCOMMODATION TO PHYSICAL AND MENTAL
LIMITATIONS**

41 C.F.R §§ 60-300.44(D); 60-741.44(D)

Such reasonable accommodations are provided in our electronic and/or online application systems. Prairie View A&M University ensures that qualified applicants and employees with disabilities who are unable to fully utilize the system are provided equal opportunities to apply and be considered for all jobs. Prairie View A&M University will also confidentially review performance issues involving employees with known disabilities to determine whether a reasonable accommodation is needed when: 1) the employee is having significant difficulty with job performance, and 2) it is reasonable to conclude that the problem is related to the known disability.

Employees may also contact the following at any time to formally request an accommodation:
