

AI, Art & Artifacts

April 24, 2025

5:30 pm

**Prairie View A&M University
Northwest Houston Center**

The PVAMU Northwest Houston Center Library invites you to a unique technology meets art experience where paintings and sculptures come to life, quilts dance and fake clouds storm.

Exhibit includes works from artist Catherine Chavez, students from Tyler Texas and PVAMU students, staff and faculty. Artifacts from the John B. Coleman Library will be displayed but viewed differently with artificial intelligence (AI) embedded. Use QR Code below for an example of the exhibit experiences.
