Reference and Information Services Department Mission

The mission of the Reference Department is to provide an organized collection of print and online resources and teach Information Literacy skills regarding the access and usage of both on and off campus information services to the Prairie View community to enable them to become information literate, independent researchers.

Reference and Information Services Department Vision

The Reference Department seeks to become a comfortable 'place,' both in the Library as well as online; the optimal source for information for all users, regardless of location, as we equip the Prairie View student to evaluate, access and use information in a critical manner, carrying this ability to all aspects of their lives.

Policy Manual

Reference and Information Services Policy

I Purpose of the Reference and Information Services Department Policy Manual

1.1 The purpose of the Reference and Information Services Department Policy Manual is to state guidelines and departmental policies for providing Reference and Instruction service to the Prairie View A&M University community. We strive to provide a high quality uniform standard of service.

1.2 The manual will be used as an information resource for Reference and Instruction, those staffing the Reference desk, newly hired Reference Librarians, and other Library Staff.

1.3 Revisions to the manual will be made by consensus of the Department whenever it is deemed necessary.

II Objectives of the Department

2.1 The primary objective of the Reference and Information Services Department is to assist library patrons in the location, use and understanding of appropriate, relevant information resources. These include but are not limited to:

2.1.1 Answering reference questions.

2.1.2 Providing instruction in the use of the Coleman Library and other library resources.

2.1.3 Assisting with the “hands on” use of Reference resources.

2.1.4 Creating and maintaining a collection of Reference resources, and arranging it for effective use.

III Library Clientele

Reference Staff should keep the following principles in mind when serving the University Community:

3.1 Undergraduate students are entitled to the same level of service as a graduate student, faculty member, administrator or university staff member.

3.2 No distinction is made between university and non-university patrons in the provision of routine information services. The distribution of passwords for remote access, and the provision of Interlibrary Loan service is not the responsibility of the Information Services Department.

IV Types of Reference Services

4.1 *Reference Interview.* Reference and Instruction Librarians always determine the needs of the patron.

4.2 *Directional questions.* Reference and Instruction Librarians provide directional assistance, and answer basic questions about the library. Questions and issues about Interlibrary Loan, reserve materials (including electronic reserves) and circulation policies, etc., are directed to the Circulation Department; and questions about microfilm and microfiche are directed to Periodicals. University history and archival questions are to be directed to the Special Collections / Archives Department.

4.3 *Source of inquiry.* Reference and Instruction Librarians provide Reference information in-person, by telephone, and by E-mail.

4.3.1 If sufficient time is not available to answer in-person questions, patrons are told when an answer will be given.

4.3.2 Telephone questions are answered as soon as possible but do not take precedence over patrons waiting at the Reference desk. Callers requiring extensive or time-consuming assistance are helped if there is not a long line of in-person patrons, otherwise Reference Librarians offer to call the patron back, or suggest that the patron come to the library in-person.

4.3.2.1 Telephone calls intended for a Library staff member are to be treated as all other transfer calls to a University employee or department: tell the caller they are being transferred, give the extension to which they are being transferred (in the event disconnection happens), press the 'transfer' button on the telephone, dial the extension, wait for the initial ring, and then press the 'transfer' button again.

4.3.2.2 If the Librarian answering the telephone knows that the transfer call is for a Library employee currently not in their office (i.e., absent for the day or at a meeting, etc.), the Librarian answering the telephone will offer to take a message for the caller, or suggest that they be transferred to the intended extension anyway, as it will automatically roll-over into the employee's voicemail.

4.3.2.3 Library employees are encouraged to have outside callers use their office telephone number as the primary contact phone number for individual issues and conversations, and not the reference desk number.

4.3.3 E-mail questions should have a 24-hour turnaround time.

4.4 *Reference.* Reference and Instruction Librarians provide instruction on the scope, availability and proper use of Reference sources, with the aim of teaching patrons to be independent researchers.

4.5 *Instructional materials.* Periodically, Reference and Instruction Librarians prepare and distribute instructional handouts or brochures for Research Instruction classes, and copies of these are available behind the Reference desk, in the standing racks on the Reference counter, in the free-standing rack or through links on the John B. Coleman Library Website.

V Service to Individuals

5.1 As a general rule, service to patrons who come to the Reference area takes priority over any other activity. Reference and Instruction Librarians scheduled to staff the reference desk should be available at all times to provide personal service.

5.1.1 When possible, student workers should handle directional questions, and leave the substantial Reference questions to the professional staff member at the desk.

5.2 When there are two or more patrons waiting, help should be offered to the patron who has been waiting the longest. If it is agreeable, assistance can be offered to questions that will take the least amount of time.

5.3 Telephone patrons are next in priority, but should be afforded the same attention to detail and courtesy.

5.4 If there are no patrons needing help, librarians should answer those questions still unanswered.

5.5 At times, patrons will approach librarians who are not scheduled to be at the reference desk, but are in their offices. Reference librarians should be willing to assist patrons should this happen.

5.6 Reference and Instruction Librarians should feel free to contact, either by telephone or in person, any other Librarian in the building for assistance if needed.

VI Instruction Service

6.1 Most incoming freshmen students are not aware of the range of services the library has to offer. Thus the Information Services Department strives to provide at least one initial instruction session to each University College course in each semester.

6.2 The Reference and Instruction Librarians also actively participate in Panther Camp as part of the Freshman Orientation. Students tour the library, and receive information regarding

Circulation, Reference/Periodicals, Student Computing Center, and Tutoring Center. Librarians also participate in transfer student orientations, as well as new staff and faculty orientations as requested by the University.

6.3 The Information Services Department is also the Research Instruction unit for the library, offering Research Instruction classes upon request for any class, any level. Sessions are tailored to specific pedagogical goals, where possible, and faculty are encouraged to work with the reference librarians in the creation of these materials and coordination with class assignments.

6.4 The Research Instruction sessions follow ACRL's guidelines for Information Literacy. The goal of the sessions is to enable the student think critically and carefully about their information needs, by:

6.4.1 Making the student feel physically and emotionally comfortable in the library.

6.4.2 Helping the student create a search strategy.

6.4.3 Allowing the student to see the Librarian as a source for information, and as an ally in the research process.

6.4.4 Teaching the complexities, forms and quality of information sources.

6.4.5 Teaching information retrieval techniques.

6.4.6 Teaching students the ethical use of information.

6.4.7 Teaching students to respect copyright and similar intellectual property laws.

6.5 As a result, the Reference and Instruction Librarians seek to have:

6.5.1 Patrons understand that it is always appropriate to ask for assistance in finding research material.

6.5.2 Patrons understand the purposes and uses of the Reference collection.

6.5.3 Patrons use the online catalog to search for books using author, title and subject and keyword field searches.

6.5.4 Patrons determine if the Coleman Library has the periodical they need.

6.5.5 Patrons know when and how to use both abstract and full-text online databases.

6.5.6 Patrons know when and how to use Interlibrary Loan.

6.6 The Instruction program is administered by a Department Head, who is the contact person for the faculty. This Librarian is responsible for determining the schedule, content and instructor for each session.

6.6.1 The Department Head typically schedules classes in the Delco, Hobart-Taylor, Justice Studies, Periodicals computer lab, and New Science Buildings, based on class sizes and room availability.

6.6.2 The most current copy of the Instruction schedule is located on the Library Instruction Outlook Calendar , as well as posted on the wall behind the Reference desk

6.7 The Instruction program recognizes that while each Librarian has their own ‘comfort level’ with regards to subject material, it is beneficial to be stretched professionally. Thus while preferences will be honored for the most part by the Department Head, there will be times when Librarians are called on to teach any Research Instruction section offered by the department.

VII Reference Desk Staffing

7.1 A Reference and Instruction Librarian will be on duty at the reference desk:

- *During spring and fall semesters*
 1. Monday-Thursday 7am - 9pm
 2. Friday and Saturday 8am-5pm
 3. Sunday 1pm-10pm
 4. Extended hours may be available during exam periods
- *During summer sessions*
 1. Monday–Thursday 8am-9pm
 2. Friday and Saturday 8am – 5pm
 3. Closed on Sunday
- *Between semesters*
 1. Monday – Friday 8am – 5pm
 2. Closed Saturday and Sunday

7.2 Desk coverage on the weekends and evenings is provided by Reference and Instruction Librarians on a rotating basis, according to a schedule agreed upon by all and created by the Department Head. A current copy of the desk schedule is located on the Information Desk Outlook Calendar, as well as posted on the wall behind the Reference desk and emailed to the department

7.3 Whenever possible, staff members not able to meet their scheduled time on the desk need to make prior coverage arrangements with the appropriate supervisor. Emergency staffing situations will be dealt with on an ad hoc basis.

7.4 During non-peak times at the desk, Librarians are encouraged to work on other assignments- planning and preparing for upcoming Research Instruction sessions, collection development,

reading professional material, etc. Librarians are reminded not to become so engrossed in this activity that they fail to see patrons approach the Reference desk.

VIII Problems

8.1 Complaints regarding Reference service and Reference policies should be directed to the Head of the Reference and Information Services Department.

8.2 If a patron causes a disturbance in the Reference area, the Librarian on duty should request that they cease. Should the activity continue, the patron should be asked to leave the building. If the patron becomes threatening, unruly or abusive, campus security should be called and the Library Director notified.

IX Statistics

9.1 A daily tally sheet of reference activity is kept, and marking the types of reference questions answered is the responsibility of each person who answers a question, regardless of whether they are scheduled to staff the Reference desk.

9.2 Questions are identified by source: walk-in (approaches the Reference desk), phone or e-mail. If the Librarian provided more information than a simple direction answer, this is also indicated. "Hands-on" questions describe situations where the patron was taught how to do something, usually involving the computer.

9.3 Departmental statistics are tabulated monthly and a copy is provided to each Reference and Instruction Librarian, and the Library Administration. This information is also stored on the network, and is tabulated annually in the Department Annual Report. This task is usually assigned to the Head.

X Supplies

10.1 The Reference and Information Services staff maintains a small amount of supplies to give to patrons. Note paper and pencils are provided at the reference desk workstations. Small amounts of paper clips, rubber bands and white-out are also provided. The desk does not provide envelopes or letterhead stationery.

10.2 A stapler, three-hole punch and paper cutter are provided for public use, and may not be removed from the Reference area.

10.3 A typewriter is available, but paper is not provided.

10.4 Copiers are available in the Reference and Periodicals area. Patrons are not allowed to use their own paper in the copiers, or ask to use their own paper in the printers. Transparencies are not allowed to be used in either the printers or copiers.

10.5 The Reference telephone is for Reference staff use only/ on occasion library patrons- must use these non-long-distance area codes (only 832, 713, 936).

Reference Desk Opening Procedures

The following procedures apply to the first person to work at the reference desk each morning.

1. Be on time. Since we are a service desk, if the Library opens at 7am, the desk needs to be operational at that time. Arrive at the Library no later than 15 minutes before start time.
2. Walk around to each OPAC station and verify all the computers are operational. Add scrap paper and a sharpened PVAMU pencil to each computer. Note any problems that need to be reported. If there are incidents that need attention, send an email to both the Assistant Director for Technical Services (or designated staff member in the absence of the AD) and Ms. Fan and cc the Reference Department head.
3. Place new daily tally sheets (REFERENCE DESK TALLY and REFERENCE AREA HEADCOUNT TALLY) in the clipboard. These are found in a folder near in the Ready Reference shelf; copies are also on the reference network drive.
4. Walk around the Reference area, straighten chairs, dispose of obvious trash, gather loose books that need to be re-shelved, etc.
5. Place reference books that need to be re-shelved on the brown cart by 126A. Take all other books to Circulation. Shelf these when there is time, being sure to tally the LC classification on the monthly tally sheet posted above the book cart. (A better time to do this might be when not scheduled at the desk, or assign the task to a student worker.)
6. Make sure all copiers are turned on, functional and full of paper.
7. Make sure printers are turned on, functional and full of paper. Fill printers to the arrow lines, do not over fill printers-could cause paper jam.
8. Printer Supplies: print paper is kept in the cabinet below the Ref Desk on the left side of the REF1 PC. Make sure that there are at least eight reams of paper in the supply cabinet. There should be a few spare boxes behind the Reference Desk; if more is needed contact the Library Administration Secretary. The same goes for the toner cartridges.
9. Clear any loose trash from behind the Reference Desk.
10. Clear any obvious trash or loose paper that might have been missed the night before.
11. Sign-on to the Reference Desk computer using your personal account and access your Remote Desktop if necessary.
- 12. If this is the first workday of a new month, print the “event log” from each printer before any patrons arrive. Place these in the mailbox of the Department Head who**

compiles monthly statistics: Instructions on how to print the ‘event log’ on each printer

- **Press down and to the right on the Menu Key.**
- **Press down and to the right on the Item key until Print Event Log appears on the readout.**
- **Press Select.**
- **Do this for each of the three printers; the report is two pages long and prints only on one side of each sheet. The printer returns to its proper function automatically, so nothing else needs be done.**

Print printer usage for both printers (new printers)

- **For Color printer,--press “123” button on the right side, screen shows “Counter number report” For print—press “print list” on the screen. To finish, press “OK” on the screen**
- **For Black and White printer—press “Counter Check” button on the side. For print—press “print list” on the screen. To finish, press “OK” on the screen**

13. If this is the first workday of a new month, collect REFERENCE DESK TALLY, REFERENCE AREA HEADCOUNT TALLY and READY REFERENCE USE TALLY of last month and place them in the mailbox of department head.
14. Check *Ask A Librarian* email reference service account by going to pvamu.edu – quick links – Faculty/Staff Exchange Mail and entering the username and password for the Ask A Librarian account. Username and password are set monthly by the Department Head or other Reference & Instruction Librarian as assigned by the Department Head. . Answer the email questions while not actively serving patrons either face-to-face or on the phone.
15. **Printer issues: please email- kehenson@pvamu.edu and kmgay@pvamu.edu with any printer issues.**

This is to communicate with you that when you see the **red error flashing light** on the printers- you can touch the ‘**status/cancel monitor**’ (**On the black and white copier it’s a button, on the color copier you just touch the words**) and it will tell you what is the error. Oftentimes when it says load paper and you have already checked that there is paper in the trays, it means that the document that is being printed is of a different size paper. This can be rectified by simply selecting ‘ltr’ (which stands for letter) and selecting ‘ok’. This will show up when the status/cancel monitor screen is selected.

Common wording for paper error is “LGL”- legal size , ‘A7’ or ‘TAB’- tabloid size or ‘A8’ – envelope. University policy is that we only stock letter size paper. Changing the paper size normally clears the problem.

16. Use a tally mark to record questions that are generated from walk-in, email, and telephone inquiries. A question that needs substantial time to demonstrate to the patron the searching process, either face-to-face or remote, would be counted as a hands-on question and be marked in the Hands on column of the REFERENCE DESK TALLY.
17. Be aware of everyone’s shift for the day, including teaching schedule as well as the student worker schedule.

18. Be sure to log off your personal account.
19. Pass on any pertinent information to the next Librarian replacing you.

Reference Desk Closing Procedures

The following procedures apply to the last person to work at the reference desk each day, as well to each time your shift on the desk ends.

No later than 15 minutes before your shift ends:

1. Walk around to any unoccupied OPAC and verify it is operational. Note any problems that need to be reported. If there are incidents that need attention, send an email to both the Assistant Director for Technical Services (or designated staff member in the absence of the AD) and the Library Assistant II-Technical Services staff, and cc the department head.
2. Clear any obvious trash or loose paper.
3. Walk around the Reference area, straighten chairs, dispose of obvious trash, gather loose books that need to be re-shelved, etc. Place reference books that need to be re-shelved on the brown cart by 126A. Take all other books to Circulation.
4. Clear any loose trash from behind the Reference Desk.
5. Make a note of any issues not resolved from your shift that might affect the opening of the Reference Desk in the morning.
6. Ensure there is sufficient paper in the cabinet for the next day- at least 8 reams.

Right before the Reference Desk closes / you finish your shift:

1. Make sure all copy machines are full of paper.
2. Make sure all three printers are turned on, functional and full of paper.
3. Make sure all OPACs are rebooted, and both the Reference computers are in the “Ctrl-alt-Del” mode.
4. Do a final ‘sweep’ of the Reference area making sure all chairs are straight, trash is picked up, loose reference books are placed on the brown cart and all patrons have left- **you are not allowed to leave if the Library is closing and there are still patrons in your area!**
5. Log off the computer after each reference desk rotation period.
6. If you are scheduled to work the Reference Desk when the library closes, be aware that you are to ‘sweep’ the area and clear all patrons out. You must remain in the area until the library closes, and all persons have left.
7. Turn off the lights in the Reference Desk area.

The library staff is responsible for administering policies. It is expected that staff request for compliance will be immediately and respectfully honored. Questions or complaints should be addressed to the library administration. Depending on the seriousness of the infraction, refusal to comply with policies may result in:

- a request to leave the building
- refusal of future access to the library
- summoning of a security guard and/or university police
- suspension of library privileges
- University conduct hearing under the Student Conduct Code

Conduct and Building Use Policies:

Animals: Only guide dogs or companion dogs that assist people with disabilities are allowed in the Library.

Cameras: Use of photographic or video equipment is restricted. Individuals, classes, groups, or organizations desiring to film the Library or its staff, or users must first get permission from the Library Administration, located on the 2nd floor of the library.

Cell Phones and Pagers: *To preserve a quiet study environment, the Library requires library users to set cell phones and pagers on "silent" signals. If you receive a call or need to make a call, please keep your voice low and move the elevator foyers on each floor, or to the front lobby. However, if complaints regarding excessive noise, are reported by other patrons, you will be asked to either move to other locations, or to end your phone call, or leave the building.*

Children: Children cannot be monitored and supervised by library staff. Therefore, children under the age of 18 entering the library must be accompanied and supervised by an adult over the age of 18. Children may not touch library computers or other equipment. Unaccompanied children must produce identification showing they are 14 years old or over. Exception will only be made for children participating in University-sponsored activities scheduled to occur in the library. Parents, guardians, and caretakers are responsible for the conduct of their children on library premises, and must provide close supervision at all times. In cases where children are not closely supervised or library rules are broken, library staff will ask parents or caretakers to take the children out of the building. Staff may contact University Security concerning unsupervised children.

Computers on the First Floor of the Library: Users must follow all Library Computer Use Policies, as posted. Access is limited to searching library resources and the options listed on the screen. No game playing, access to DOS, software installation, personal software, web authoring, or other productivity software are allowed.

Disruptive Behavior Policy: *Complaints of disruptive behavior will be taken seriously and the offending patron may be asked to leave the building. Behavior that interferes with the appropriate use of the Library, or interrupts the learning process for other patrons, exhibits a disregard for the dignity of others, and will not be tolerated. This includes excessive noise, altercations, theft, vandalism, inappropriate sexual behavior, and harassment of any kind. All such activities should be reported immediately to the Circulation Desk on the First Floor, who will contact Campus Security and/or the University Police. Emergency phones connected directly to the Circulation Desk are located in study areas on floors two, three and four. Patrons identified as disruptive will be subject to sanction, including possible expulsion from the Library, University disciplinary action, loss of library privileges, and possible prosecution under state law, as stated in the Prairie View A&M University Student Handbook, 2018-2019.*

Noise in the Library is a common cause of complaint. Please be considerate of others. If you can be heard at the next table (or within four feet), you are too loud. Conversations in the foyers, lobbies, halls, or near the Jazzman Cafe, Learning Curve-Tutorial Center, or Computer Lab travel to other parts of the Library where other students are trying to concentrate and study. Other "inappropriate" behavior in the Library includes, but is not limited to the following:

- *Using audible radios, music storage devices, or other sound generating devices*
- *Using threatening, intimidating or abusive language*

- *Abusing or intimidating library staff or patrons*
- *Overt signs of substance abuse, including drunkenness*
- *Fighting or other "rowdy" behavior*
- *Using bicycles, skateboards, skates, or scooters*
- *Bringing weapons, simulated or real, into the Library*
- *Defacing or damaging library property.*

Emergency Phones: Special telephones have been installed, so that emergencies can be reported as quickly as possible to the Circulation Desk. These "beige" phones are located near the entrance to each study area on floors 2-4.

Fire Alarms: All occupants, including patrons, visitors, and staff should respond to all fire and emergency alarms by immediately exiting the building via the nearest fire exit.

Food and Drink: Eating is allowed in the John B. Coleman Library. Anyone with food or drink will be asked to take care of their trash when finished eating to dispose of it immediately and ensure that your eating area was cleaned.

Paging Patrons: The Library will use its public address system to page individual patrons only when there is a verifiable medical emergency.

Safety and Security: The Library's goal is always to optimize the safety and security of its users and staff. All statutes, regulations, and laws governing safety and behavior in a facility of the State of Texas, the Texas A&M University System, and the Prairie View A&M campus, will apply. Emergencies should be reported immediately to Library staff. For additional security and safety, all floors, study areas and book stacks of the John B. Coleman Library are monitored by closed-circuit security cameras and monitors. Victims of or witnesses to disruptive behavior, harassment, or crimes in the library should notify the nearest library staff member immediately, for assistance.

Signs: Signs and announcements may be posted in two places in the John B. Coleman Library: the bulletin boards located on the wall in the foyer hallways near the restrooms on floors 1-3; and the bulletin boards standing on the floor in both the front and side door entrance foyers.

Smoking: Smoking in any part of the John B. Coleman Library is forbidden by law.

Procedure for Library Disruptions:

Library staff members will take appropriate steps to end disruptions, including requesting identification, and involving Campus Security and/or University Police, when necessary. Library staff are authorized to request disruptive patrons to discontinue the behavior and to refer patron to the "written" policy on library conduct. If disruptive behavior continues or resumes, staff may then ask the patron to leave, notify Library or Campus Security and University Police for assistance and intervention.

Reference and Information Services Department: Fire Drill Protocol

ROUGH DRAFT

Fire evacuation procedures

IMPORTANT: Any time you hear the fire alarm {or are notified via the PA system}, assume it is NOT a test. Evacuate immediately and meet at your designated assembly area.

- If there are guests or library patrons in the Reference and Information Services Department, the reference librarian associated with the guest(s) should guide them out of the library along with their self.
- Evacuate the building through the nearest exit located near the front lobby area's first floor entrance.
- DO NOT USE ANY OF THE ELEVATORS!
- Go to the predetermined Assembly Area which is outside the library passed the front concrete patio area by the trees' location of the *Johnson-Phillips All Faiths Chapel*.
- Once at the Assembly Area, Supervisor will take a head count to make sure everyone from the department is out of the building and accounted for. They will then notify library administrators, firemen, police officers, etc.
- Stay in the Assembly Area until you receive further instructions to enter the library.

-All John B. Coleman Library personnel and patrons in the Reading Room and Reference Department areas should evacuate through the south doors of the 1st floor Main Entrance.

--The Reference Librarian assigned to Reference Desk duty during a Fire Alarm is responsible for directing patrons in the Reading Room and Reference Department areas to evacuate through the south doors of the 1st floor Main Entrance. *Note: Library personnel should not remain in the building with patrons who refuse to evacuate.*

--Evacuees should assemble beyond the front courtyard's rose bush planters to the sidewalk near the large trees parallel to the Johnson-Phillips All Faiths Chapel.

--After assembling, the Head Reference Librarian will take a head count of Reference Department personnel to determine who is present and missing, then report that information to library administration and, if present, assisting first responders.

--Evacuees, both library personnel and patrons, must remain in the designated Assembly Area until further instructions are received by library administration and assisting first responders.
