Tech Tuesday

October 1, 2024

2:00 PM CT (Zoom)

Association of Public & Land Grant Universities

The graphic features the Association of Public & Land Grant Universities logo on the left, a central green box with the text 'Exemplar Courseware for Enhanced Learning in Statistics (ExCELS)', and the Lumen Learning logo at the bottom left. On the right, there is a photograph of two students sitting at a table, working on laptops.

This Tech Tuesday session will present the APLU initiative and grant opportunity for academic teams interested in piloting Lumen One in their statistics courses.

Presenters will provide additional details and demonstrate the software.

About Lumen Learning

Mission: Enable unprecedented learning for all student.

Faculty focus

providing tools that are intuitive and easy to use giving faculty more time to make learning happen.

Affordability and access so that every student has the opportunity to succeed.

Equitable results by emphasizing learning tools and processes that better support learning.

APLU Digital Transformation for Student Success

The Association of Public and Land-grant Universities represents large public research and land-grant universities. Our 230 U.S. institutions serve nearly one half of all students attending public four-year bachelor programs.

APLU's Office of Digital Transformation for Student Success was created to :

- Deepen understanding of how to drive digital transformation and identify successful models that scale to support student success
- Illuminate the role of data in strengthening teaching, learning and operations in support of student success
- Help institutions make evidence-based decisions about use of technology to support student success

Benefits for Participating Institutions

1. \$8,000 institutional stipend
2. Cross-institutional community of practice for departments and faculty to exchange best practices on promoting student engagement and driving department-level change
3. Guidance in developing a scalable flexible learning environment to support institutional strategic goals
4. Coaching from a faculty subject matter expert who has experience with multiple courseware tools and course redesign
