THE HISTORY OF PRAIRIE VIEW A&M UNIVERSITY

EXCERPTS TAKEN FROM:

"Prairie View, A Study In Public Conscience" by Dr. George RUBLE WOOLFOLK
"A Centennial History of Texas A&M University, 1876-1976 Vol. II" by Henry C.
DETHLOFF, Edited by Frank D. JACKSON

1876 ESTABLISHMENT

Prairie View A&M University, the first state-supported college in Texas for African Americans, was established during the Reconstruction Period after the Civil War. This was an historical period in which political and economic special interest groups were able to aggressively use the Federal Government to establish public policy, in an attempt to "alter or reshape the cultural milieu of the vanquished southern states."

The university had its beginnings in the Texas Constitution of 1876, which, in separate articles, established an "Agricultural and Mechanical College" and pledged that "Separate schools shall be provided for the white and colored children, and impartial provisions shall be made for both." As a consequence of these constitutional provisions, the Fifteenth Legislature established "Alta Vista Agricultural and Mechanical College of Texas for Colored Youth" on August 14,1876.

ENROLLMENT OF THE FIRST STUDENTS

The Board of Directors purchased the lands of the Alta Vista Plantation (1,388 acres) from Mrs. Helen Marr Kirby, the widow of the late Col. Jared Ellison Kirby, for the establishment of the State Agriculture & Mechanical College of Texas for Colored Youth. The college was named "Alta Vista Agriculture & Mechanical College for Colored Youth." The A&M Board of Directors was authorized to appoint a president of A&M College and Alta Vista College with an assigned principal station at Alta Vista to administer the college's day-to-day affairs. Confederate President Jefferson Davis recommended Mr. Thomas S. Gathright of Mississippi, and he brought Mr. L.W. Minor of Mississippi to serve as principal. Eight young African American men, the first of their race to enroll in a state-supported college in Texas, began their studies on March 11, 1878.

1878-1948

ERA OF PRINCIPALS AS CHIEF **ADMINISTRATIVE OFFICERS**

Prairie View strengthened and enlarged its curriculum and grew under the leadership of a series of dedicated principals. These men led the college during those difficult decades as Federal Reconstruction ended and the doctrine of "separate but equal" emerged with the Plessy v. Ferguson Supreme Court decision of 1896. The eight principals and their tenures were: L.W. Minor, 1878; E.H. Anderson, 1879-1884; Laurine C. Anderson, 1884-1894; Edward L. Blackshear, 1895-1915; Isaiah M. Terrell, 1915-1918; J.G. Osborne, 1918-1925; Paul (Uncle Paul) Bledsoe (interim principal), 1925-1962; Willette Rutherford Banks, 1926-1947; and Edward B. Evans, 1947-1948.

1948 TO PRESENT

ERA OF PRESIDENTS AS CHIEF **ADMINISTRATIVE OFFICERS**

In 1948, as a result of America emerging as the leader of the "Free World" after World War II, President Harry S. Truman ordered the racial integration of the U.S. Armed Forces. The Board of Directors changed the title of the chief administrative officer of the college from principal to president on December 3, 1948. The presidents and their tenures are: Edward B. Evans, 1948-1966; Jesse M. Drew, 1966; Alvin I. Thomas, 1966-1982; Ivory Nelson (interim president), June 1982-January 1983; Percy A. Pierre, 1983-1989; Milton R. Bryant (interim president), June 1989-December 1989; Julius W. Becton, Jr., 1989-1994; Harold S. Bonner (interim president), August 1994-October 1994; Charles A. Hines, 1994-2002; Willie A. Tempton, Sr. (interim president), 2002-2003; George C. Wright, 2003-2017; Ruth J. Simmons, 2017-present.

NAMES GIVEN TO THE UNIVERSITY

The Fifteenth Legislature August 14, 1876, established "Alta Vista Agriculture & Mechanical College of Texas for Colored Youth"; The Sixteenth Legislature April 19, 1879, established "Prairie View State Normal School" in Waller County for the Training of Colored Teachers; The Twentieth Legislature in 1887 attached the Agriculture & Mechanical Department to Prairie View Normal School; The Twenty-sixth Legislature in 1899 changed the name to "Prairie View State Normal & Industrial College"; The Forty-ninth Legislature June 1, 1945, changed the name to "Prairie View University"; The Fiftieth Legislature March 3, 1947, established "The Texas State University for Negroes (Texas Southern University) and changed the name of Prairie View University to "Prairie View Agricultural & Mechanical College

of Texas"; The Sixty-third Legislature in 1973 changed the name to "Prairie View A&M University".

The College of Agriculture and Human Sciences is committed to academic excellence, promoting health and wellness, and enhancing economic opportunities through the land-grant tradition of academics, research, and extension.

The college is poised for growth with its plan for new master's programs in nutrition, natural resources, and food security. Pre-professional programs such as pre-veterinary and dietetics successfully prepare students for their careers. The Cooperative Agricultural Research Center is home to innovative research discoveries that improve health and well-being. The Cooperative Extension Program (CEP) delivers practical research-based knowledge to small farm producers, families, aspiring entrepreneurs, and youth in 41 Texas counties. Additionally, new facilities on the Gov. Bill and Vara Daniel Farm provide experiential learning to students.

Gerard D'Souza, Ph.D.Dean and Director of Land-Grant Programs

GROWING IDEAS. IMPACTING LIVES.

ACCREDITATIONS

 Accreditation Council for Education in Nutrition and Dietetics (ACEND)

PARTNERSHIPS/SPONSORSHIPS

The college has partnerships with and sponsorships through the United States Department of Agriculture, the Houston Livestock Show and Rodeo, the Texas A&M AgriLife Extension Service, and other entities. In addition, partnerships continue to be cultivated with Cargill, Dow, Microsoft, NASA, and other governmental agencies.

MILESTONES

In October 2020, the college launched the Healthy Houston Initiative, a partnership with the Texas A&M University System, PVAMU, and Houston Mayor Sylvester Turner's Complete Communities Initiative. The Colleges of Agriculture and Human Sciences, Nursing, Juvenile Justice and Psychology, and Business work together to develop programming that uses a portfolio of educational, health care assessment, and outreach programs.

The School of Architecture strives to use design thinking and creative problem solving to address the issues faced by contemporary society.

It integrates this approach into how students are taught, research is produced, and services are provided to communities. The overarching vision for the School of Architecture is to prepare graduates to actively participate in the contemporary milieu, encourage and anticipate paradigm shifts, and respond to change in the local, national, and international communities.

The Marvin D. and June Samuel Brailsford College of Arts and Sciences is committed to serving all students through academic programs aimed at developing creative thinking, critical analysis, problem solving, and communication skills that are fundamental to intellectual development and professional success.

Equally important is the college's commitment to developing students' ethical and civic standards. The college strives to integrate teaching and research in the context of interdisciplinary learning through individual attention to students, innovative strategies of teaching, effective use of technology, and the promotion of economic development, partnerships, and cultural pursuits. An innovative and responsive spirit guides the college, balancing access and quality with efficiency, diversity, and a commitment to partnerships with local and global communities.
