PRAIRIE VIEW A&M UNIVERSITY

ABOUT US

Designated an institution of “the first class” in the Texas Constitution, Prairie View A&M University is the second-oldest public institution of higher education in the state. With an established reputation for producing engineers, nurses, and educators, PVAMU offers baccalaureate, master’s, and doctoral degree programs through ten colleges and schools.

A Historically Black University and member of The Texas A&M University System, the University is dedicated to fulfilling its land grant mission of achieving excellence in teaching, research, and service.

*The data and information in this publication reflect the academic year August 1, 2022 - June 1, 2023.

PRESIDENT

RUTH J. SIMMONS, Ph.D.

President, Prairie View A&M University
(2017-2023)

MICHAEL L. MCFRAZIER, Ed.D.

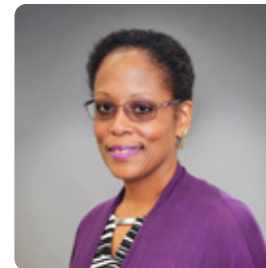

Acting President, Prairie View A&M University
(March-June, 2023)

PRESIDENT'S CABINET

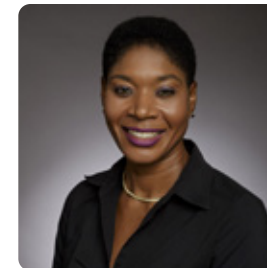

JAMES M. PALMER, Ph.D.

Provost and Senior Vice President
for Academic Affairs

CYNTHIA CARTER-HORN, Ph.D.

Senior Vice President for Business
Affairs and Chief Financial Officer

BEVERLY COPELAND, Ph.D.

Vice President for Student Affairs

TOMIKIA P. LEGRANDE, Ed.D.

President, Prairie View A&M University
(as of June 1, 2023)

Tomikia P. LeGrande, Ed.D., became the ninth president of Prairie View A&M University on June 1, 2023. Her career in higher education is marked by successive leadership roles and professional achievements.

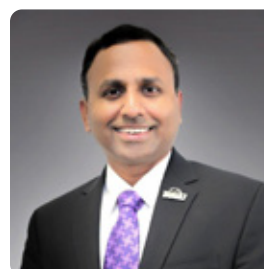

Before joining PVAMU, Dr. LeGrande served as vice president for strategy, enrollment management and student success at Virginia Commonwealth University. Other senior level leadership roles prior to VCU include vice

president for student affairs and enrollment management at the University of Houston-Downtown, and associate vice chancellor for enrollment management at Winston Salem State University.

As a two-time graduate of HBCUs, and having earned a doctorate in higher education leadership, Dr. LeGrande understands the transformative power of education in helping students dismantle class, social, and cultural barriers.

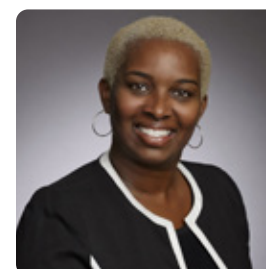

At the national level, Dr. LeGrande is actively engaged in issues of access, parity, higher education policy and leadership development. She is a sought-after thought leader, and a regular presenter and facilitator on the topics of enrollment management, educational equity and student success. She testified before the U.S. House of Representatives Committee on Education and Labor in 2019 during a hearing on "Innovation to Improve Equity: Exploring High-Quality Pathways to a College Degree." She was also the recipient of the Governor's "Champion for Change Award" for the Commonwealth of Virginia in 2021.

A native of Savannah, GA, Dr. LeGrande earned a B.S. in chemistry from Savannah State University, M.S. in chemistry from North Carolina A&T State University, and an Ed.D. from Texas Tech University.

THE HISTORY OF PRAIRIE VIEW A&M UNIVERSITY

EXCERPTS TAKEN FROM:

“**Prairie View, A Study In Public Conscience**” by Dr. George RUBLE WOOLFOLK
 “**A Centennial History of Texas A&M University, 1876-1976 Vol. II**” by Henry C. DETHLOFF, Edited by Frank D. JACKSON

1876

ESTABLISHMENT

Prairie View A&M University, the first state-supported college in Texas for African Americans, was established during the Reconstruction Period after the Civil War. This was an historical period in which political and economic special interest groups were able to aggressively use the Federal Government to establish public policy, in an attempt to “alter or reshape the cultural milieu of the vanquished southern states.” The university had its beginnings in the Texas Constitution of 1876, which, in separate articles, established an “Agricultural and Mechanical College” and pledged that “Separate schools shall be provided for the white and colored children, and impartial provisions shall be made for both.” As a consequence of these constitutional provisions, the Fifteenth Legislature established “Alta Vista Agricultural and Mechanical College of Texas for Colored Youth” on August 14, 1876.

1878

ENROLLMENT OF THE FIRST STUDENTS

The Board of Directors purchased the lands of the Alta Vista Plantation (1,388 acres) from Mrs. Helen Marr Kirby, the widow of the late Col. Jared Ellison Kirby, for the establishment of the State Agriculture & Mechanical College of Texas for Colored Youth. The college was named “Alta Vista Agriculture & Mechanical College for Colored Youth.” The A&M Board of Directors was authorized to appoint a president of A&M College and Alta Vista College with an assigned principal station at Alta Vista to administer the college’s day-to-day affairs. Confederate President Jefferson Davis recommended Mr. Thomas S. Gathright of Mississippi, and he brought Mr. L.W. Minor of Mississippi to serve as principal. Eight young African American men, the first of their race to enroll in a state-supported college in Texas, began their studies on March 11, 1878.

PVAMU Grandchildren's Club

1878-1948

ERA OF PRINCIPALS AS CHIEF ADMINISTRATIVE OFFICERS

Prairie View strengthened and enlarged its curriculum and grew under the leadership of a series of dedicated principals. These men led the college during those difficult decades as Federal Reconstruction ended and the doctrine of “separate but equal” emerged with the Plessy v. Ferguson Supreme Court decision of 1896. The eight principals and their tenures were: L.W. Minor, 1878; E.H. Anderson, 1879-1884; Laurine C. Anderson, 1884-1894; Edward L. Blackshear, 1895-1915; Isaiah M. Terrell, 1915-1918; J.G. Osborne, 1918-1925; Paul (Uncle Paul) Bledsoe (interim principal), 1925-1962; Willette Rutherford Banks, 1926-1947; and Edward B. Evans, 1947-1948.

PVAMU Class of 1913

1948 TO PRESENT

ERA OF PRESIDENTS AS CHIEF ADMINISTRATIVE OFFICERS

In 1948, as a result of America emerging as the leader of the “Free World” after World War II, President Harry S. Truman ordered the racial integration of the U.S. Armed Forces. The Board of Directors changed the title of the chief administrative officer of the college from principal to president on December 3, 1948. The presidents and their tenures are: Edward B. Evans, 1948-1966; Jesse M. Drew, 1966; Alvin I. Thomas, 1966-1982; Ivory Nelson (interim president), June 1982-January 1983; Percy A. Pierre, 1983-1989; Milton R. Bryant (interim president), June-December 1989; Julius W. Becton, Jr., 1989-1994; Harold S. Bonner (interim president), August-October 1994; Charles A. Hines, 1994-2002; Willie A. Tempton, Sr. (interim president), 2002-2003; George C. Wright, 2003-2017; Ruth J. Simmons, 2017-2023; Michael L. McFrazier (acting president), March-June 2023; Tomikia P. LeGrande, 2023-present.

NAMES GIVEN TO THE UNIVERSITY

The Fifteenth Legislature August 14, 1876, established “Alta Vista Agriculture & Mechanical College of Texas for Colored Youth”; The Sixteenth Legislature April 19, 1879, established “Prairie View State Normal School” in Waller County for the Training of Colored Teachers; The Twentieth Legislature in 1887 attached the Agriculture & Mechanical Department to Prairie View Normal School; The Twenty-sixth Legislature in 1899 changed the name to “Prairie View State Normal & Industrial College”; The Forty-ninth Legislature June 1, 1945, changed the name to “Prairie View University”; The Fiftieth Legislature March 3, 1947, established “The Texas State University for Negroes (Texas Southern University) and changed the name of Prairie View University to “Prairie View Agricultural & Mechanical College of Texas”; The Sixty-third Legislature in 1973 changed the name to “Prairie View A&M University.”

OUR MISSION

Prairie View A&M University is a state-assisted, public, comprehensive land grant institution of higher education. The university was designated in a 1984 amendment to the Texas Constitution as an "institution of the first class." It is dedicated to achieving excellence and relevance in teaching, research, and service. It seeks to invest in programs and services that address issues and challenges affecting the diverse ethnic and socioeconomic population of Texas and the larger society, including the global arena.

The university seeks to provide a high-quality educational experience for students who, upon completion of bachelor's, master's, or doctoral degrees, possess self-sufficiency and professional competence. The experience is imbued by the institution's values including, but not limited to, access and quality, accountability, diversity, leadership, relevance, and social responsibility.

Prairie View A&M University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, master's, and doctoral degrees.

COLLEGE OF AGRICULTURE AND HUMAN SCIENCES

The College of Agriculture and Human Sciences is committed to academic excellence, promoting health and wellness, and enhancing economic opportunities through the land-grant tradition of academics, research, extension and the farm.

The College is poised for growth, expanding our reach across more than 56 counties in Texas through the Cooperative Extension Program, which delivers practical research-based knowledge to small farm producers, aspiring entrepreneurs, families and youth. New facilities on the Gov. Bill and Vara Farm include the Meat Science Center and Veterinary Lab, which provide experiential learning to students.

PARTNERSHIPS/SPONSORSHIPS

The College has partnerships with and sponsorships through the United States Department of Agriculture, the Houston Livestock Show & Rodeo, the Texas A&M AgriLife Extension Service, Shell, the Cynthia and George Mitchell Foundation, and other entities.

In addition, partnerships continue to be cultivated with Cargill, Microsoft, Gordon Foods, Capital Farm Credit, NASA, and other governmental agencies.

The program offers training and programming to improve the health, nutrition, and wellness of under-served communities. Initially focusing on the Greater Houston area (Harris County), Wellness in Houston now serves Fort Bend, Waller, Montgomery, Galveston and Brazoria counties.

COOPERATIVE EXTENSION PROGRAM

The Cooperative Extension Program, established in 1914, was developed as a result of a partnership between the U.S. Department of Agriculture and land-grant universities. CEP remains a dependable community asset in over 56 Texas counties, dedicated to enriching and transforming the fabric of communities. It provides cutting-edge, research-based information to support its mission to build resilient families, improve farm sustainability, expand small businesses, and empower youth to be leaders now and into the future.

MARVIN D. AND JUNE SAMUEL BRAILSFORD COLLEGE OF ARTS AND SCIENCES

The Marvin D. and June Samuel Brailsford College of Arts and Sciences is committed to serving all students through academic programs aimed at developing creative thinking, critical analysis, problem solving, and communication skills that are fundamental to intellectual development and professional success.

Equally important is the college's commitment to developing students' ethical and civic standards. The college strives to integrate teaching and research in the context of interdisciplinary learning through individual attention to students, innovative strategies of teaching, effective use of technology, and the promotion of economic development, partnerships, and cultural pursuits. An innovative and responsive spirit guides the college, balancing access and quality with efficiency, diversity, and a commitment to partnerships with local and global communities.
