I am humbled by the effort and sacrifice of valuable time off the busy schedules of faculty, department chairs, deans, vice presidents and presidents of other institutions and mathematical associations, Editors-in-Chiefs of other journals, to submit/review manuscripts for publication in AAM. Their dedication and service are greatly appreciated.

My final gratitude goes to PVAMU's President, Dr. George C. Wright, and the IT department for providing us the opportunity to publish the journal online.

Should you have questions or comments about AAM, please contact the Editor-in-Chief.

With warmest regards,

A.M. Haghghi
