

June 12, 2017

Dear Colleagues across the globe, wherever you are, greetings,

Once again, it is with great pleasure and pride that I inform you of the availability of **AAM Volume 12, Issue 1 (June 2017)** of *Applications and Applied Mathematics: An International Journal* (AAM) in its 12th year of existence. This volume, with attached Table of Contents, includes, a record number, 40 papers and 632 pages of peer- reviewed and quality papers in mathematics, statistics, operations research, engineering, economics and sciences. It may be viewed at <http://www.pvamu.edu/aam>. The next issue will appear in December of 2017.

(I sincerely apologize for the redundancy, should, by any chance, you have received this e-mail multiple times.)

Please be informed that, currently, publication in and access to AAM is free of charge and the contents from AAM publications are included in and/or indexed by:

- **EBSCO** (<http://www.ebscohost.com/>) information products,
- **Universal Impact Factor** (<http://uifactor.org/JournalDetails.aspx?jid=232>),
- **The Journal Impact Factor (JIFACTOR)** (<http://jifactor.org/index.php>),
- **Mathematical Review (MathSciNet®)**, American Mathematical Society
- **Zentralblatt MATH** (<https://zbmath.org/journals/?s=0&c=100&q=AAM>),
- **Current Mathematical Publications (CMP)**, and
- **Cabell Publishing, Inc., Cabell's International.**

Unfortunately, we occasionally face some dishonesty by some authors. To prevent plagiarism, starting January 1, 2017, AAM has been using the **Turnitin software**. All manuscripts received will go through this software, as part of AAM review process.

I want to congratulate all the contributors, reviewers, Editorial Board members, the Journal's Associate Editors and my departmental colleagues and staff for their various parts in helping to ensure the success of the journal.

My final gratitude goes to PVAMU's President, Dr. George C. Wright, and the IT department for providing us the opportunity to publish the journal online.

Should you have questions or comments about AAM, please contact the Editor-in-Chief.

With warmest regards,
A.M. Haghighi
