A Member of the Texas A&M University System

July 8, 2024

Commitment to Environmental Stewardship

Prairie View A&M University has a longstanding commitment to the care and preservation of the environment. Through sustainable ecological practices, education, and research we encourage the entire University to practice measures that will reduce our environmental impact, while protecting our campus community, facilities, and assets.

Our pledge of accountability along with the [Texas A&M University System Board of Regents System Regulation 24.01.03](#) guides strategic planning, construction, and daily operations on our campus. As president, I wholly endorse this policy.

Additional information about this commitment can be found on the [Environmental Management](#) section of the System's website and in the policy library on the Prairie View A&M University homepage.

Tomikia P. LeGrande, Ed.D.
President & CEO
