Each Order placed on or after the Effective Date will be solely governed by the terms of this Agreement and shall exclude any preprinted terms in such Order. The parties acknowledge that while this Agreement sets forth the overarching terms and framework under which Orders are placed, the individual Orders are formed upon acceptance of each Order and are independent of each other.

1. Defined Terms. Capitalized terms used herein shall have the meanings set forth on Exhibit A.

Oxford reserves the right to recover from Customer the then current price of an individual Flow Cell, or individual pack of Flow Cells if a single Flow Cell is not offered by Oxford, for any Flow Cell not returned (excepting any Contaminated Flow Cells for which proof of legal and appropriate destruction has been provided to Oxford). Customer shall keep the Flow Cell in Customer’s possession at the Delivery Location until Customer returns the Flow Cell to Oxford or destroys the Flow Cell in accordance with Oxford’s instructions. Customer shall not sell, distribute, or transfer the Flow Cell to any third party.

None of these components either individually or collectively are allowed to be modified, derivatised, replaced or removed. The Sequencing Kits will include other components: enzymes and adaptors that enable sample preparation methods, molecular ‘tethers’ that enable improved analyte to nanopore binding through interactions with the membranes, enzymes that allow for controlled transport of analytes through nanopores, buffered solutions for improved ionic conductance, solutions for washing the Flow Cells between samples and other components as provided by Oxford from time to time. Devices require use of Software that enables control of the Device and/or data. B. Delinquent Child Support Obligations. A child support obligor who is more than 30 days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent is not eligible to receive payments from state funds under an agreement to provide property, materials, or services until all arrearages have been paid or the obligor is in compliance with a written repayment agreement or court order as to any existing delinquency. Under Section 231.006, *Texas Family Code*, OXFORD NANOPORE TECH certifies that it is not ineligible to receive the payments under this Agreement and acknowledges that this Agreement may be terminated and payment may be withheld if this certification is inaccurate.

C. Dispute Resolution. To the extent that Chapter 2260, *Texas Government Code* is applicable to this Agreement, the dispute resolution process provided in Chapter 2260, and the related rules adopted by the Texas Attorney General pursuant to Chapter 2260, shall be used by PVAMU and OXFORD NANOPORE TECH to attempt to resolve any claim for breach of contract made by OXFORD NANOPORE TECH that cannot be resolved in the ordinary course of business. Delivery information and shipping

Whilst shipping information varies dependent on your location, there are some uniform rules that can be applied to all deliveries

- All orders placed must have a defined ship schedule, for at least the first 90 days of the period of the contract
- Shipments associated with bulk orders should be split over the period of the contract and should be complete before expiry
- Any changes to shipping schedules must be communicated to Oxford Nanopore with a minimum notice period of 28 days. ONT accepts no responsibility for any losses caused by such changes inside of this period
- Orders received without ship schedules will have a shipping schedule defined for them by Oxford Nanopore, for which the above terms will apply to
- Our standard Inco Terms are DAP (Delivered At Place), although this can differ depending on destination country. Please contact us should you have any questions related to this
- We have three distribution hubs located in the UK, US, and Netherlands, from which your order will be fulfilled

Hi Greg,

I am a Contract Manager in the legal department with Oxford Nanopore. I just spoke with Ming regarding his orders.

As you will see from the attached, the previous T&Cs were properly negotiated with your Contracts and Procurement team and duly signed. The agreement is evergreen with no fixed expiration date. It becomes effective on the date Ming submits an order and remains in effect for one year from that date. As Ming has now submitted an order, the terms are active and remain in effect accordingly.

I would also like to note that these T&Cs govern the use of the device, flow cells, and consumables. Ming is placing an order for additional flow cells and support for the same device he got in 2022, which we consider a continuation/renewal of the original device purchase. Accordingly, the same negotiated terms and conditions apply.

With this understanding, I hope we are aligned to proceed with the order under the previously negotiated T&Cs.

Please kindly confirm. Thanks!

Maggie Xu
Contract Manager
