

## **Occupational Health Program for IBC and IACUC**

### **Who can be enrolled in the Occupational Health Program (OHP)?**

- Personnel listed on an Institutional Biosafety Committee (IBC) research protocol working with agents at Biosafety Level 2 (BSL2);
- Personnel listed on an Institutional Animal Care and Use Committee (IACUC) protocol

### **How to enroll?**

Once an IACUC or BSL2 IBC protocol has been approved, all personnel listed in the protocol will receive a notification from the Risk Management and Safety (RMS) Office to begin the enrollment process. The Office of Research Compliance (ORC) will contact personnel with all required training material.

To complete the enrollment process, personnel must:

- Submit their Occupational Health Enrollment form to RMS
- Confirm completion of Training with ORC

Please be mindful that personnel cannot be enrolled in OHP until a protocol is approved.

### **Who to contact for information on OHP?**

For questions concerning OHP enrollment please contact:
