

## Requirements for Visitors in Labs

Visitors and collaborators are welcome here at PVAMU! To make their visit safe and in accordance with Occupational Health procedures, please take note of the requirements for visitors in BL2 laboratories.

Visitors or collaborators who will have potential exposure to biohazards in the course of their anticipated activities must be added to the appropriate IBC protocol and enrolled in the Occupational Health and Safety Program at PVAMU as personnel before entering the lab.

Casual visitors who will not be conducting research activities and who will not be exposed to biohazards should be provided with the appropriate personal protective equipment required for entrance to the lab.

If you have any questions regarding these requirements, please contact the Director of Research Compliance at [researchcompliance@pvamu.edu](mailto:researchcompliance@pvamu.edu) (936-261-1588) or Risk Management & Safety at [rms@pvamu.edu](mailto:rms@pvamu.edu) (936-261-1743).
