

# Nursing Student Support

Housing and Residence Life is excited to continue the support of students attending class at the [College of Nursing](#) campus. Staff will be onsite throughout the semester to provide guidance and assistance with any student challenges related to housing and work with faculty and staff towards a positive community experience.

As we eagerly await for the [new student housing in the Texas Medical Center](#). Our staff is prepared to answer any of your off-campus housing questions, and has secured additional housing space at Cullen Oaks—steps away from major bus and train lines to and from the Medical Center. Students interested in a lease may contact our main office at [Housing@PVAMU.EDU](mailto:Housing@PVAMU.EDU) or 936.261.2600 for more information.

*You've never lived like this.*
