**Course Goals and Overview:**

	<p>This course explores the fundamentals of design through the use of basic elements, systems, constraints, and principles.                  The studio (course) challenges students to think critically about the built environment, while working in an open interactive space that encourages collaboration and embraces a diversity of solutions to a given problem. Students will focus on communicating ideas and designs in a clear effective manner.                  In addition to taking on abstract design concepts, students will also be asked to consider the architect's role in society and the responsibilities that come with it.</p>

**Course Requirements & Evaluation Methods**

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

- **Projects –**  
Long term assignments  
Some projects are handled individually, and others will require students to collaborate with others and work in small teams.
- **Presentations –**  
Public reviews of projects
- **Portfolio –**  
A publication/documentation which communicates the student’s work over the course of the semester through visual and written means where emphasis is placed on process as well as product.
- **Class Participation –**  
Engagement in class discussions where students will be asked to engage concepts critically and discuss their questions and responses with the rest of the studio.
- **Craft –**  
In an architectural design studio, there is an expectation for a certain level of craft to be met.  
To produce work that meets this level of quality requires that students work with a sense of care on the required drawings .

<p><b>Taskstream</b></p>	<p>Taskstream is a tool that Prairie View A&amp;M University uses for assessment purposes. One of your assignments may be considered an "artifact," an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester, but for general information, you can visit Taskstream via the link in eCourses.</p>
<p><b>University Attendance Policy:</b></p>	<p>Prairie View A&amp;M University requires regular class attendance. Excessive absences will result in lowered grades. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or assignment of a grade of "F." Absences are accumulated beginning with the first day of class.</p>
<p><b>Instructor's Attendance and Participation Policy</b> <i>Edit to fit your course.</i></p>	<p>As a student in a professional practice course at Prairie View A&amp;M University you are expected to attend each class. Class attendance is recorded on roll sheets that are circulated to record your name and signature. Since attendance is critical to the learning objectives and the class discussions, your attendance will determine 10% of your final grade for the course.</p> <p>Participation and absences are accumulated beginning with the first day of class on <b>August 27, 2018</b>. It is imperative that students attend all course meetings in order to receive the best possible final grade. For each unexcused absence, a student will lose 2 points from their attendance grade. Upon the fourth unexcused absence, the student will lose a full letter grade from their final grade for the course and that student will be required to meet with a student advisor regarding their ability to attend future classes. Full attendance includes showing up to class on time. Students who are late to class will forfeit 1 point from their final grade. Full attendance also includes active participation in course work and discussions. Students who are found to be using class time on anything other than work related to this course will be issued a warning. Any subsequent misuse of class time will result in the loss of a point from that student's final grade.</p> <p>Per university guidelines, excuses absences are included below:</p> <ol style="list-style-type: none"> <li>1. Participation in an activity appearing on the University authorized activity list.</li> <li>2. Death or major illness in a student's immediate family.</li> <li>3. Illness of a dependent family member.</li> <li>4. Participation in legal proceedings that requires a student's presence.</li> <li>5. Religious holy day.</li> <li>6. Confinement because of illness.</li> <li>7. Required participation in military duties.</li> </ol> <p><u>If you miss class for one of these reasons, you must provide a memorandum plus supporting documentation to clear the absence from your record. These documents will be accepted for ONE WEEK AFTER THE ABSENCE HAS OCCURRED. There will be NO exceptions to this rule. This includes student-athletes who are to provide university forms for reporting absences to participate in approved competitions. Emails will not be accepted to clear these absences. After that, the involvement grade stands.</u> If you have another reason other than these seven for being absent, you may submit a memorandum with supporting documentation requesting that the absence be removed from you record for ONE WEEK AFTER THE ABSENCE HAS OCCURRED. There will be NO exceptions to this rule. All requests will be reviewed and approved or disapproved based upon the justification that you provide in your memorandum. While other reasons for being absent are rarely approved; it is understood that you might feel that there is a higher priority that requires you to miss class. In accepting your decision to miss class, you <b>must</b> also be willing to accept the instructor's decision to not award you involvement points for the class or classes that are missed.</p>
