This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

- **Assignments/Papers/Exercises:** Written assignments designed to supplement and reinforce course material, this includes your Design Notebook/Journal. These assignments are embedded in each project.
- **Projects:** Assignments designed to measure ability to apply presented course material. Each project will be graded on the following criteria: Project Requirements, Sketch Process/Creativity, Message/Center of Interest, Execution/Technique, and Deadlines.
- **Participation:** Participation in class discussions and critiques. This grade will be imbedded into the project grades.
- **Attendance:** See attendance policy for complete calculations of grades.

Do your sketching at home when required; 4. Read and re-read your project brief; 5. Be open to criticism and have a good attitude; 6. Turn in work on time; and 7. Do more than what is asked of you.

Method of Determining Final Course Grade

Course Grade Requirement	Value	Total
1) Projects	40%	
2) Final Portfolio	40%	
3) Attendance/Class Participation	20%	
Total:	100%	

Grading Criteria, Conversion, and Rubric:

A = 90–100, **B** = 80–89, **C** = 70–79, **D** = 60–69, **F** = 0-59

A = Project Requirements: Project fully meets or exceeds requirements, fully demonstrates concepts/ techniques covered. **Creativity:** Exceptional creativity. Attention to detail is obvious. **Process/Concept Development:** Creative Process is strong and significant progress was shown every critique. Design has a clear message and communicates well. **Execution/Technique/Craftsmanship:** Exceptional quality. No evidence of error. **Deadline:** Project submitted on time; wise use of time allotted.

B = Project Requirements: Project mostly meets requirements and demonstrates concepts/ techniques. **Creativity:** Very good. Presentation, mostly original artwork, creative, pleasing to view. More attention to details. **Process/Concept Development:** Creative Process is good and progress was shown every critique. Design has made an attempt at having a message but distractions in composition or errors in technical. **Execution/Technique/Craftsmanship:** Very good quality. No more than 1-2 minor errors in technique, or composition. **Deadline:** Project submitted on time; good use of time allotted.

C = Project Requirements: Shows evidence of some requirements, techniques/concepts. **Creativity:** Good creativity. Average appearance, some lack in aesthetics or creativity. Design has many different eye catching elements that confuse the message. **Process/Concept Development:** Creative Process needs work and progress was not shown every critique. Design is difficult to understand in terms of message. Center of interest is hard to find. **Execution/Technique/Craftsmanship:** Good quality. 2 or more errors in technique/ composition **Deadline:** Project submitted; no good use of time allotted.

D = Project Requirements: Project shows minimal evidence of requirements, concepts and/or techniques covered. **Creativity:** Fair. Plain, Does not meet minimum requirements – not particularly creative or lacks originality. Design appears to have little thought to subject placement. **Process/Concept Development:** Creative Process needs work and progress was not shown every critique. Casual observers will find little excitement in image. **Execution/Technique/Craftsmanship:** Fair quality. Fair composition and other errors. **Deadline:** Project submitted; no good use of time allotted.

F = Project Requirements: Project shows no evidence of requirements, concepts not demonstrated or no project submitted. **Creativity:** Poor. Low appeal, unoriginal, use of canned images or artwork. Not creative.

Process/Concept Development: Creative Process needs work and progress was not shown every critique. No clear message. **Execution/Technique/Craftsmanship:** Poor quality. No composition techniques, or poorly composed. **Deadline:** Project submitted after deadline. No legitimate excuse.

Taskstream

Taskstream is a tool that Prairie View A&M University uses for assessment purposes. One of your assignments may be considered an "artifact," an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester, but for general information, you can visit Taskstream via the link in eCourses.

Textbooks and Supplemental Texts

It is imperative that you the student purchase your own textbooks. For your convenience, *Graphic Design: The*

Instructor's Attendance Policy

If you are absent, it is your responsibility to know what you have missed BEFORE you attend the next class session. Check eCourses and project sheets for all updates.

Your attendance and participation are expected and required. This is a studio class designed to be an interactive and collaborative environment that encourages students to create works as well as discuss design. If you are absent or do not participate then you are not an asset to the learning environment and you cannot successfully progress in the coursework. Attendance during lectures, demonstrations, and studio time is critical to passing the course.

Absences

More than 4 absences by a student during the semester will result in a reduction of student's final semester grade by one letter. **8 or more absences will result in course failure.**

Tardies

A student is marked as tardy if he/she arrives after the roll has been called. Early departures from class will be marked as an absence. A student arriving more than thirty minutes after the start time of the class will be marked absent. 3 tardies will be equal to 1 absence. If you are tardy, it is your responsibility to let your instructor know you are present.

Submission of Assignments

All assignments will be posted on eCourses. All work is to be turned in BEFORE or on the due date during class. Be mindful of all due dates. **You will not be reminded when work is due. NO LATE WORK WILL BE ACCEPTED. Do not beg for extra credit particularly at the end of the semester because none will be assigned.**

It is your responsibility to make sure that you can log onto eCourses. No exceptions will be made for those who do not attend to this matter. If you are having trouble with eCourses, call IT, 936-261-2525 and get it resolved quickly.

Formatting Documents

There may be times where you will need to upload files to eCourses. Microsoft Word is the standard word processing tool used at PVAMU. If you're using other word processors, be sure to use the "save as" tool and save the document in either Rich-Text or plain text format. **THE ONLY FILE FORMATS THAT WILL BE ACCEPTED ARE: Microsoft Word (.doc or .docx), Text files (.txt or .rtf), PDFs, PowerPoint (when required) and .jpg/.png files. Any file not submitted in those formats with the correct file name WILL NOT BE GRADED.**

All file names must include your last name, underscore, first initial, underscore and title of the assignment. For example, for the first assignment: Moore_T_texture.doc. **ANY FILE NOT SAVED IN THE CORRECT MANNER WILL NOT BE GRADED.**

Exam Policy

Exams should be taken as scheduled. No makeup examinations will be allowed except under documented emergencies (See Student Handbook). There is no make-up for the final.

Personal Conduct

Students who are absent for University Business must notify the professor BEFORE they leave. In addition, you must provide a copy of an official University Excuse letter. If for whatever reason, you are unable attend class, it is your responsibility to know what you have missed. Check Connect Art and eCourses for any assignment updates BEFORE you attend the next class period.

Students and faculty are expected to conduct themselves in ways that support individual learning and the learning of others. To that end members of the classroom community will conduct themselves in a professional and ethical manner to achieve these objectives. Student Support and Success

John B. Coleman Library

The library and its partners have as their mission "to provide resources and instructional material in support of the evolving curriculum, as a partner in Prairie View A&M University's mission of teaching, research, and service" and to support the University's core values of "access and quality, diversity, leadership, relevance, and social responsibility" through emphasis on ten key areas of service. It maintains library collections and access both on campus, online, and through local agreements to further the educational goals of students and faculty.

Center for Academic Support

The Center for Academic Support (CAS) offers Tutoring via peer tutoring. The services include workshops (i.e., Save My Semester, Recalculate Your Route), seminars (i.e., Tools You Can Use: TI-84), group review sessions (i.e., College Algebra Topic Reviews, GRE Preparation), group study opportunities (i.e., TSIA, HESI, Study Break, Exam Cram), and test-taking strategies (How to take Notes, Study Buddy, 5 Day Study Guide). The Tutoring Center is a nationally certified tutoring program through the National Tutoring Association. The peer tutors are trained and certified by the coordinator each semester. Location: J.B. Coleman Library

COMPASS

The Center for the Oversight and Management of Personalized Academic Student Success (COMPASS) is designed to help Prairie View students in their second year and beyond navigate towards graduation by providing the following services: Academic Advisement, Targeted Tutorials for Personalized Learning, Campus-Wide Referrals, and Academic & Social Workshops. Location: J.B. Coleman Library

Writing Center

The Writing Center provides student consultants on all aspects of the writing process and a variety of writing assignments. Writing Center consultations assist students in such areas as prewriting, brainstorming, audience awareness, organization, research, and citation. Location: Hilliard Hall 121

University Rules and Procedures

Disability statement (See Student Handbook):

Students with disabilities, including learning disabilities, who wish to request accommodations in class should register with the Services for Students with Disabilities (SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator.

Academic misconduct (See Student Handbook):

You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct. Students who engage in academic misconduct are subject to university disciplinary procedures.

Forms of academic dishonesty:

1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.
2. Academic misconduct: tampering with grades or taking part in obtaining or distributing any part of a scheduled test.
3. Fabrication: use of invented information or falsified research.
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else's words, ideas, or data as one's own in work submitted for credit. Failure to identify information or essays from the Internet and

submitting them as one's own work also constitutes plagiarism.

Nonacademic misconduct (See Student Handbook)

The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor's ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated by the Dean of Students under nonacademic procedures.

Sexual misconduct (See Student Handbook):

Sexual harassment of students and employers at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action.

Attendance Policy

Prairie View A&M University requires regular class attendance. Excessive absences will result in lowered grades. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or in assignment of a grade of "F". Absences are accumulated beginning with the first day of class.

Student Academic Appeals Process

Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the Undergraduate Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint.

Disability statement (See Student Handbook):

Students with disabilities, including learning disabilities, who wish to request accommodations in class should register with the Services for Students with Disabilities (SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator.

TECHNICAL CONSIDERATIONS

Minimum Recommended Hardware and Software:

- Intel PC or Laptop with Windows 7; Mac with OS X; Smartphone or iPad/Tablet with Wi-Fi
- High speed Internet access
- 8 GB Memory
- Hard drive with 320 GB storage space
- 15" monitor, 800x600, color or 16 bit
- Sound card w/speakers
- Microphone and recording software
- Keyboard & mouse
- Most current version of Google Chrome, Safari, Internet Explorer or Firefox

Note: Be sure to enable Java & pop-ups

Participants should have a basic proficiency of the following computer skills:

- Sending and receiving email
- A working knowledge of the Internet
- Proficiency in Microsoft Word (or a program convertible to Word)
- Proficiency in the Acrobat PDF Reader
- Basic knowledge of Windows or Mac O.S.

Netiquette (online etiquette):

Students are expected to participate in all discussions and virtual classroom chats as directed. Students are to

be respectful and courteous to others on discussions boards. Foul or abusive language will not be tolerated.

Technical Support:

Students should go to <https://mypassword.pvamu.edu/> if they have password issues. The page will provide instructions for resetting passwords and contact information if login issues persist. For other technical questions regarding eCourses, call the Office of Distance Learning at 936-261-3283

Communication Expectations and Standards:

Emails or discussion postings will receive a response from the instructor, usually in less than 48 hours. Urgent emails should be marked as such. Check regularly for responses.

Discussion Requirement:

Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can take place in a seminar fashion. This will be accomplished by the use of the discussion board. The exact use of discussion will be determined by the instructor.

It is strongly suggested that students type their discussion postings in a word processing application and save it to their PC or a removable drive before posting to the discussion board. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; 2) Grammatical errors can be greatly minimized by the use of the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, it should be copied and pasted to the discussion board.
