**This program is required for all incoming Freshman who wish to march in the Marching Storm**

# SUMMER BRIDGE

# 2025

## WHAT IS SUMMER BRIDGE?

The goals of the PVAMU Summer Bridge Programs are guided by the University's student success priorities. They are as follows:

- Develop key academic understanding and skills among students
- Provide engaging opportunities to develop participant skills that will aid in the successful transition to college
- Promote a cohort experience among participants to strengthen new peer relationships
- Familiarize participants with PVAMU and its resources

As a result of participating in one of the PVAMU Summer Bridge Programs, students should be able to:

- Demonstrate efficacy toward academic work
- Develop a sense of belonging to PVAMU
- Gain necessary college success skills

The PVAMU Summer Bridge Programs are completely free or have a minimal cost to our student participants! All programs have their own admission and acceptance requirements. Students can only participate in one program.

Students must be Texas residents (or a Non-Resident on a Presidential or Regents Scholarship) to participate.
