## HAPPY NEW YEAR & WELCOME BACK

VOLUME 5, ISSUE 3 JANUARY 2013

### 2013 PRE MEDICAL CONFERENCE

Wow! The January 26th Pre-Health Science Conference for high school students was great! Our best conference to date.

Thanks to all the hard-working UMA volunteers, everything went smoothly.

Our high school guests felt genuinely welcomed and cared about. (Special thanks to those who stayed with our guest while he waited for his ride to come pick him up.)

Your hard work, humor and kindness will be remembered by our guests and those of us who worked alongside you.

Remember to add this conference to your "shoebox" - so you can put it on your resume when the time comes.

With gratitude,

*Kathleen Straker*

Eden Sahle 25<sup>th</sup>  
Cordaress Chambers 26<sup>th</sup>  
Teryn Perkins 29<sup>th</sup>

# MCAT<sup>WINTER</sup> INTENSIVE

“ It was helpful & informative; it’s really going to boost my confidence moving forward to take the MCAT. It was a great opportunity.

- Asher Minor

Winter Intensive was helpful in the fact that it taught me several pneumonics & tips for the MCAT, that I did utilize on test day.

- Teryn Perkins

Winter MCAT Intensive benefited me in that it taught me about the different strategies to use to tackle MCAT questions.

- Steve Meregini
