WHAT WE *Do*

Athletic Compliance

www.pvamu.edu/athleticcompliance

The Prairie View A&M University Compliance Office strives to provide a comprehensive compliance program with a focus on four general elements: rules education, policies and procedures, monitoring, and self-reporting.

This focus allows us to protect the integrity of the University while fostering a culture of compliance and institutional control as required by the NCAA.

Clery Act Compliance

www.pvamu.edu/clery

The Clery Act is a consumer protection law that aims to provide transparency around campus crime policy and statistics.

In order to comply with Clery Act requirements, colleges, and universities must understand what the law entails, where their responsibilities lie, and what they can do to actively foster campus safety.

All System schools are required to publish, update and maintain the policy library on the school website.
