| <b>Date Occurred</b><br>5/27/2021 12:00:00 AM   | <b>Reference</b><br>Event #: 2100396 | <b>Disposition</b><br>CLEARED BY ARREST |
| <b>Notes</b><br>On Thursday, May 27, 2021, at approximately 0029 hours, an officer observed a vehicle traveling west on Echols Street. The vehicle ran the stop sign at University Drive/Echols Street. The officer activated their emergency lights to conduct a traffic stop. The officer identified the driver and ran the vehicle information through dispatch. The Texas Dealer Temporary Tag on the vehicle was found to be fictitious. An arrest was made. A report was generated documenting the offense. |                                      |   |

## Forgery of Documents - 05/26/2021

|   |                                      |                              |

| <b>Notes</b><br>On 5-10-2021 about 1000 hours, I initiated an investigation into the fire alarm notification inspections of Prairie View A&M University campus buildings conducted by the former fire alarm technician assigned to this campus. During my investigation, I determined that the alarm technician was falsifying official government documents by submitting inspection reports for inspections that he was not conducting. In addition, the fire alarm technician was providing documentation to indicate that the fire alarm systems on campus buildings were in working order, when in fact they were not. |                                      |                              |
