The SFLR Program aids African American landowners in creating sustainable intergenerational forest ownerships. This assistance is provided through eight, trusted local community-based organizations in eight southeastern states (AL, AR, GA, MS, NC, SC, TX & VA) and five national partners—The JPB Foundation, Mary Reynolds Babcock Foundation, U.S. Endowment for Forestry and Communities, the USDA Forest Service, the USDA Natural Resources Conservation Service (NRCS), and American Forest Foundation.

The Cooperative Extension Program does not discriminate against anyone regardless of their race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/paternal status, income derived from a public assistance program, political beliefs, reprisal or retaliation for prior civil rights activity, in any program or activity. Persons who require communication in a language other than English, or who require alternative means of communication of program information (braille, large print, audiotape, etc.), or who has a disability should contact Ms. Belinda Lewis at 936-261-3585 in advance.
