CELEBRATE
NATIONAL TUTORING WEEK
OCTOBER 5-9, 2015
COME AND VISIT OUR “WALL OF THANKS” AND LEAVE A NOTE OF APPRECIATION FOR OUR TUTORS!

The National Tutoring Association is dedicated to providing its members with opportunities to achieve and maintain high professional standards for tutors and administrators of tutoring programs and services. Ten years ago, the National Tutoring Association launched National Tutoring Week. It is celebrated at universities and private tutoring centers across the country. The Learning Curve at Prairie View A&M University is proud to honor the many tutors who maintain high standards of tutoring for our students.
