Greetings:

With God, Yes We Can! We can do all things through Christ who gives us strength. It is my prayer that we truly believe what we Preach!

In November 2010, we have experienced a significant change in our government. Whether you are on the blue or red side of the fence change has happened, and the people have spoken that Washington must redirect their path. While Washington is changing their directions, what is the Church doing to change people for Christ. Our preaching should reflect messages of HOPE, LOVE, PEACE and FAITHFULNESS.

Our theme for this 53rd Session of the Annual Ministers’ Conference, “Preaching God’s Command...Yes We Can!” challenges us to preach messages like never before that will give people hope in difficult times, and restore their faith back in the Church and its ministries.

It is always my personal honor to express my sincere thanks to those colleagues in ministry who believed in the dream -- the dream that ignited us to fuel flames of enthusiasm about what’s to come in campus ministry. Campus ministry is that tool that makes the difference in the lives of students who have come to receive an education of the first class. Thank God for those ministers who believed in contributing to a great cause which allows students to fulfill their educational goals.

It is my prayer that God will grant you favor to continue to attend and support this great conference and see what is in store for years to come. I look forward to your attendance and participation.

Faithfully yours,

Charles H. Lewter, IV
Dean of Chapel
