College of Education

ADMINISTRATIVE OFFICER

M. Paul Mehta, Dean

ADMINISTRATIVE STAFF

Martha L. Bailey, Director of Student Teaching and Field Experiences
Marion Henry, Director of Teacher Certification

PURPOSE AND GOALS

The undergraduate teacher education programs in the College of Education prepare candidates for teaching and related positions in public and private schools as well as in other institutional or organizational settings that promote the educational development and well being of culturally diverse children and youth.

Teacher education programs lead to elementary, secondary, or all-level standard teaching certificates and endorsements.

ACCREDITATION

All teacher education programs offered by the College of Education are fully accredited by the Texas State Board for Educator Certification (SBEC) and the National Council for Accreditation of Teacher Education (NCATE).

SCHOLARSHIP SUPPORT

The Prairie View A&M University National Alumni Association Teacher Education Scholarship Endowment Fundamentals is available to students actively pursuing a course of study leading to teacher certification at any level (elementary or secondary) in all disciplines with approved teacher education programs. The number of scholarships varies from year to year depending on the earnings available from the endowment fund.

The scholarships are awarded on a competitive basis. Selection is based on both need and merit. Eligible applicants must have a minimum grade point average of 2.5 at the high school level and maintain this grade point average while in college to be continued as a scholarship student. Entering freshmen must also be in the top 25% of their high school graduating class.

COLLEGE ACADEMIC REQUIREMENTS

Admission to Teacher Education

Students are eligible for admission to teacher education and to enroll in professional education courses after the following requirements have been met:
1. Completion of all general education requirements with a minimum overall 2.50 grade point average with a grade of “C” or higher in English and mathematics.

2. Achievement of a satisfactory score on the Texas Academic Skills Program (TASP), a standardized skills test that measures competencies in reading, writing, and mathematics. The required minimum score on the Reading component of TASP is 260. The blue copy of TASP scores must be submitted with the application. Photocopies are not acceptable.

3. Recommendation for Admission to Teacher Education forms from three instructors under whom a minimum of one course has been taken.

4. Transcripts of all completed courses.

Application forms may be obtained from the offices of the Dean and Department Heads. The Committee on Admission to Teacher Education reviews all applications. Upon approval (or disapproval) by the Committee, the chair of the Committee notifies students by letter.

Admission to Student Teaching
Students are eligible for admission to student teaching after the following requirements have been met:

1. Admission to teacher education.
2. Completion of the academic specialization and combination of subjects requirements (elementary) or the teaching major requirements (secondary) with a minimum 2.50 grade point average. Only grades of C or above will be accepted.
3. Completion of the professional development requirements with a minimum 2.50 grade point average. Only grades of C or above will be accepted.

The application for student teaching can be obtained from the office of Student Teaching and Field Experiences and should be completed prior to the semester planned for student teaching. The Committee of Admission to Student Teaching reviews all applications. Upon approval (or disapproval) by the Committee, the Chair of the Committee notifies students by letter.

The student is cautioned not to contact a school district in an attempt to gain placement for student teaching. The placement of students for this experience is the responsibility of the Director of Student Teaching and Field Experiences. There is an agreement between the school districts and the College of Education that only the Director will make such contacts.

APPEAL AND GRIEVANCE PROCESS

A student may appeal the decision made by the Committee on Admission to Teacher Education or the Director of Student Teaching and Field Experiences if denied either admission to teacher education or admission to student teaching. The student may submit a formal appeal to the University Teacher Education Council. The following steps are to be completed:

1. Confer with the head of the Department of Curriculum and Instruction or the director of Student Teaching and Field Experiences to determine the factors upon which the decision was based.
2. Confer with faculty advisor to determine if there is evidence that may be presented to the University Teacher Education Council to support the appeal.
3. Prepare the evidence and a letter that states the request for a review and the rationale for such a request.
4. Present the materials to the dean of the College of Education who will confer with the chairperson of the University Teacher Education Council about the request for a hearing.
5. Await notification of a hearing date by the office of the dean of the College of Education.
6. Await written statement of the University Teacher Education Council’s decision.

ExCET REQUIREMENTS

Each candidate for teacher certification in the state of Texas is required to pass the appropriate exit level tests in both professional development and specialty areas. These tests, known as Examinations for the
Certification of Educators in Texas (ExCET), are administered periodically by the National Evaluation Systems, Inc. under the auspices of the State Board for Educator Certification.

Candidates are allowed to take the appropriate certification tests (1) when deemed ready by the individual’s entity or (2) upon successful completion of the individual’s program requirements, whichever occurs first. “Successful completion” means the candidates has completed all of the program’s requirements for certification except for taking the necessary certification tests.

To register, each candidate will be required to obtain a barcode label and affix it to his or her registration form. Candidates will obtain the barcode labels from the Office of Teacher Certification after approval from their individual departments. Emergency registration candidates who register over the telephone will also be required to send in a completed registration form that includes the appropriate barcode label.

**Academic or Interdisciplinary Academic Degree Requirement**

The Texas State Education Code (See 13.036) requires that “a person who, after September 1, 1991, applies for a teaching certificate for which the rules of the State Board of Education require a bachelor’s degree must possess a bachelor’s degree received with an academic major or an interdisciplinary academic major including reading, other than education.”

**ACADEMIC SPECIALIZATIONS IN INTERDISCIPLINARY STUDIES DEGREE**

Student Teaching is required for a Bachelor of Science degree in Interdisciplinary Studies. Following academic specializations are available for the B.S. degree in Interdisciplinary Studies (Elementary level):

- Art
- Bilingual Education
- English
- Early Childhood
- Health
- History
- Human Performance (Physical Education)
- Life/Earth Science
- Mathematics
- Reading
- Social Studies
- Spanish
- Special Education

**ACADEMIC MAJOR AREAS FOR SECONDARY CERTIFICATION**

Academic specialty studies in the secondary certification program may be selected from the following subject areas:

- Agriculture (Vocational)
- Biology
- Drama (Theatre Arts)
- English
- Health
- History
- Human Performance (Physical Education -Secondary)
- Human Performance (Physical Education -All-Level)
- Home Economics (Vocational)
- Industrial Technology
- Mathematics
- Music (All-Level)
- Political Science (Government)
- Sociology
- Spanish

For secondary certification the degree in a specific academic major is required. The eighteen hours of professional education courses (including six hours of student teaching) are incorporated into the academic degree programs approved for secondary certification.

**ENDORSEMENTS**

- Bilingual Education
- Early Childhood Education
- Early Childhood Education/Handicapped
- Generic Special Education
POST-BACCALAUREATE CERTIFICATION PROGRAM SECONDARY LEVEL

This certification plan is available to candidates who have a bachelor’s degree (with a minimum grade point average of 2.50) from an accredited institution of higher education with twenty-four (24) semester hours of course work in an approved Prairie View A&M University secondary teaching field. Additional requirements for admission to this program include passing scores on all three parts of the Texas Academic Skills Program (TASP), three (3) semester hours in speech communication, and three (3) semester hours in computer education and three (3) semester hours in reading. One-year Post-Baccalaureate internship or two (2) years of full-time teaching experience may be substituted for the student teaching requirement. Six (6) additional semester hours of professional education courses will be required for those substituting two (2) years of full-time teaching experience in lieu of student teaching or one (1) year of internship.

For the purpose of admission to the Post-Baccalaureate Certification Program, the required minimum score on the Reading component of TASP is 260.

ALTERNATIVE TEACHER CERTIFICATION PROGRAM (ATCP)

This certification route is available for entrance on an annual basis. Application is made in the spring semester. This certification option is administered by the Director of the Alternative Teacher Certification Program.

Admission requirements include a baccalaureate degree (with a minimum grade point average of 2.50) from an accredited institution, twenty-four (24) semester hours of course work in a Texas certifiable secondary content area with a minimum grade point average of 2.50 and satisfactory scores on all three parts of the Texas Academic Skills Program (TASP). The required minimum score on the Reading component of TASP is 260.

Those enrolled in the ATCP are required to complete six (6) semester hours of professional education course work during the summer prior to one-year internship and the remaining (6) hours during the period of internship.
Department of Curriculum and Instruction

ADMINISTRATIVE OFFICER

Constance Person, Department Head, Early Childhood Education, Elementary Education

FACULTY

Willie A. Adams, Technology Education
Muyi Arowosafe, Technology Education Coordinator
Martha Lee Bailey, Elementary/Early Childhood Education, Coordinator
Clarissa Gamble Booker, Reading Education Coordinator
Douglas M. Butler, Special Education, Diagnostician Coordinator
Lettie Irene Duke, Reading, Secondary Education, Educational Foundations
Judith Hansen, Instructional Technology, Educational Foundations, Secondary Education
Edward Mason, Research, Statistics, Secondary Education
M. Paul Mehta, Curriculum and Instruction, Research, Educational Foundations
Barbara Smith-Pleasant, Elementary Education, Early Childhood Education

PURPOSE AND GOALS

The purpose of the Department of Curriculum and Instruction is to provide regional, national, and international leadership in the study and improvement of teaching and learning in diverse educational settings. The one integrative theme throughout the department is teacher education, which focuses on teachers as facilitators of learning for diverse populations (T-FOLD-P). The T-FOLD-P model is designed to:

1. Develop beginning teachers as problem-solvers, critical thinkers, and decision makers.
2. Develop beginning teachers who understand and appreciate human diversity and global awareness.
3. Develop beginning teachers who are reflective and continual learners.
4. Develop beginning teachers who are facilitators of student growth and development.

The department addresses its purpose through three interrelated efforts: research, the preparation of teaching/practitioner professionals, and service. In carrying out these efforts, the faculty shares the goals to (1) generate, disseminate, and apply new knowledge about teaching, learning and performance in various educational settings; (2) identify the factors and features that contribute to the design and implementation of effective professional preparation programs in education; (3) provide exemplary initial preparation and continuing education programs for teachers/specialists in the traditional major academic content areas and in selected related areas central to the operation of effective schools; (4) provide the opportunities for advanced-level students in selected specialized areas to become highly competent scholar-researchers and scholar-practitioners; (5) contribute to the educational development of school-aged, university, and adult students in the region through a variety of direct instructional programs; and (6) enhance that development further by contributing to the design and implementation of exemplary school-based programs through the College of Education-School-Community partnerships.

HONOR SOCIETIES AND PROFESSIONAL ORGANIZATIONS

Association for Childhood Education International (ACEI) is an international organization that supports and promotes active cooperation between individuals and groups concerned with children.

International Reading Association (IRA) is the professional organization for leaders in reading and literacy education. The Association is devoted exclusively to improving reading instruction and promoting the lifetime reading habit.
Kappa Delta Pi (KDP) is an international honor society in education. Membership is by invitation to juniors with a 3.00 grade point average.

Student Council for Exceptional Children (SCEC) is an international organization designed to provide pre-professional experiences for prospective special education teachers.

Student National Education Association (SNEA) is a national organization designed to provide pre-professional experiences for prospective teachers.

Texas Student Education Association (TSEA) is a professional organization for students enrolled in teacher education; it is an affiliate of the Texas State Teachers’ Association.

The Black Child Development Institute, Inc. (BCDI) Prairie View A&M University Affiliate is an early childhood leadership collaborative, which includes Head Start, Chapter 1 programs, Texas A&M University and the University of Texas at Brownsville. It is designed to provide services to African-American, Bilingual and Low Socio-economic children. These services include: Child Care, Child Welfare, Health Care and Education.

Degrees Offered
The Department of Curriculum and Instruction offers the Bachelor of Science degree in Interdisciplinary Studies (B.S.I.S.) and a B.S. in Technology Education. The student selects an academic major/specialization and completes coursework toward eligibility for certification. The following options are available:

**Elementary**
- Art
- Life/Earth Science
- Mathematics
- Early Childhood Education
- Pre-kindergarten-6
- English
- Reading
- Special Education
- Social Studies
- Health
- Spanish
- Human Performance

**Secondary**
- Biology
- Mathematics
- English
- Human Performance
- Government
- Sociology
- History
- Spanish
- Industrial Technology
- Theatre Arts/Drama
- History

**All-Level Certificate: (Grades 1-12)**
- Art
- Music
- Physical Education

Field Requirements and Expectations
CUIN 3003, 3013, 4003, 4013, 4103, and 4113 require a planned sequence of field experiences in elementary school and secondary school classrooms. All courses must be completed prior to student teaching. Student teaching will encompass the regular school day for a full semester. For students seeking additional certification in a specialization, the student will complete half the semester in the specialization and half at the elementary level.

**INTERDISCIPLINARY STUDIES DEGREE PROGRAM REQUIREMENTS**

Student Teaching is required for a bachelor of science degree in Interdisciplinary Studies.
Option II: ARTS
The Elementary Certification requires a minimum of 18 semester hours in one discipline and the completion of the required academic semester hours. Professional Education courses and Student Teaching complete the certification requirements.

* Prerequisite: Admission to Teacher Education

**BACHELOR OF SCIENCE IN TECHNOLOGY EDUCATION PROGRAM**

The Technology Education teacher education curriculum is designed to prepare students for positions as teachers, supervisors, coordinators, and directors of technology education programs. It also helps students to develop elementary skills in the use of tools and industrial materials and also to increase their general understanding, knowledge and appreciation for the industrial world.

The technology education non-teaching program option prepares students to enter the industrial job market as technologists in industries such as: Construction, production, manufacturing, technical services, and management-oriented technical professionals.

Students in these areas will be required to follow the same basic curriculum as teacher certification students with the exception of eighteen (18) semester hours of education courses designed specifically for students who choose their teacher certification option. Students who choose the non-teaching option will take eighteen (18) semester hours of special emphasis coursework designed to meet the specific requirements of this option.

Course substitutions for these options will only be made after consultation with the appropriate academic advisors and approval by the department head.

**TECHNOLOGY DEGREE PROGRAM REQUIREMENTS**

(Teacher Certification)

CAREER AND TECHNOLOGY EDUCATION PROGRAM

The Career and Technology Education Program is organized to: (1) meet the growing educational demands of persons who wish to teach Trade and Industrial (T&I) courses in the public schools of Texas, (2) to ascertain the eligibility of prospective teachers to be certified in a specific Trade and Industrial teaching area, and (3) to offer courses that enable teachers to meet certification requirements as stipulated by the Master Plan for Vocational Education.

CAREER AND TECHNOLOGY EDUCATION CERTIFICATION PROGRAM

This program meets Texas Educational Agency requirements for the certification of Career and Technology Education T&I teachers. Persons enrolled in this program must have met prerequisite wage earning
Curriculum and Instruction Programs and Degree Plans

experience and must teach two years on an emergency permit in a secondary Career and Technology Education school program before certification can be granted.

Program course requirements are:

Department of Health and Human Performance

ADMINISTRATIVE OFFICER

Mary V. White, Department Head

FACULTY

Jeffery K. Brown, Health and Human Performance
Raymond L. Burgess, Human Performance
Douglas M. Fowlkes, Health
Clifton R. Gilliard, Human Performance
Barbara J. Jacket, Human Performance
Queen E. Martin, Health
Derick Mason, Health and Human Performance
John A. Mayes, Athletic Training and First Aid
Vernon Perry, Human Performance
Elwood Plummer, Health and Human Performance
Kevin B. Simms, Health
John W. Tankersley, Human Performance
Danyale C. Taylor, Dance
Christopher Totten, Health and Human Performance
Essie K. Washington, Human Performance
Hoover J. Wright, Health and Human Performance
Reuben L. Wright, Human Performance

PURPOSE AND GOALS

The primary objectives for the Department of Health and Human Performance are:

1. To introduce every student to the potential benefits of a well defined exercise program and to provide planned experiences that will result in knowledge about the value of physical activities, essential motor skill development, stamina, strength and those social qualities that will last a life time;

2. To provide a broad base of knowledge which will enable a student to specialize or adapt to a variety of career opportunities which include: preparation for teaching and/or coaching at the elementary or secondary levels; preparation for graduate study in health, health promotion, human performance and/or allied health therapeutic sciences; preparation for athletic training; preparation for recreational and/or community service programs; and preparation for professional health and wellness activities at the local, state and national levels.

SPECIAL EMPHASIS OPTIONS

Emphasis options are available in health and all-level, secondary, and elementary certification programs. The program also provides options for Red Cross Certification in Water Safety Instruction, Athletic Training and Community Health Specialty areas.

PROFESSIONAL AND SERVICE ORGANIZATIONS

Health and Human Performance Club (H&HUPF): Open to all majors and minors in the department. A grade point average of 2.0 or higher is required for membership. All health and human performance majors are expected to participate in the H&HUPF Club.
Texas Association For Health, Physical Education and Recreation (TAHPER): The professional organization for the State of Texas which supports the field of health and human performance.

American Alliance For Health, Physical Education Recreation, and Dance (AAHPERD): An educational organization at the National level that is structured for the purposes of supporting, encouraging, and providing assistance to member groups and their personnel throughout the nation as they seek to initiate, develop, and conduct programs in health, leisure, and movement-related activities for the enrichment of human life.

ACADEMIC STANDARDS AND ACADEMIC PROGRESS

Students majoring in Health and Human Performance must meet all University and college of Education standards. Additionally, students must also complete all English composition, mathematics, and major courses with a grade of “C” or better.

REQUIREMENTS OF UNIFORM APPAREL

Students enrolled in activity classes are required to purchase and to wear special physical education uniforms in compliance with departmental standards. Regulation gymnasium shoes are also required. Students enrolled in swimming must wear swimming suits and caps recommended by the department. All required apparel is available for purchase in the University Exchange.

BACHELOR OF SCIENCE IN HEALTH AND HUMAN PERFORMANCE PROGRAM REQUIREMENTS

Core Curriculum

All Health and Human Performance Core Curriculum requirements are shown in the suggested degree program.

Professional Development

### HEALTH - COMMUNITY FOCUS OPTION

Professional students who seek a baccalaureate degree in health with a concentration in community are expected to complete the mandatory health curriculum. The concentration area of community is primarily for those students who are interested in community/public health education or working in various health
care settings such as hospitals, public and private health, wellness and education agencies, or community based and corporate health promotion programs. An internship is required.

INTERNERSHIP/PRACTICUM IN HEALTH AND HUMAN PERFORMANCE

The internship is an integral part of the instructional program in the Health/Physical Education/Community curriculum. The experience is designed to enhance the understanding and application of knowledge and research findings to public health and wellness or physical fitness settings by providing an opportunity to gain practical experience, at an appropriate level and content, in the community/public health field. All students in the health and physical education/community focus area are required to complete a minimum of two hundred hours of an internship/practicum experience. Further information regarding the internship/practicum will be provided upon matriculation by the Department of Health and Human Performance.
