Dear Campus Community,

We are writing this letter on behalf of our more than 9,000 community members and City of Prairie View Administration and Staff. We were saddened to hear about the air conditioning fire that occurred in the Freshman dorm building in the early hours on Wednesday, April 20, 2022. We are happy to hear that all are safe, including the injured students and police officer who assisted with evacuation.

Please accept our community support during this recovery and do let us know if the City of Prairie View can help the students in any way. The City and the Citizens have expressed concern for the campus community and we stand ready to assist where possible.

Respectfully submitted in support,

Dr. Brian E. Rowland,  
City of Prairie View  
Mayor
