*The new website also offers pandemic perspectives and helpful COVID-19 information.*

**PRAIRIE VIEW**, Texas – The Office for Marketing and Communications has launched a new website for delivering updated news and information about Prairie View A&M University.

The Newsroom website offers information in four sections: Latest News, PVAMU In The News, Press Releases, and Opinions. The development of <https://www.pvamu.edu/newsroom/> had been in the works for months and went live in March 2020 when the coronavirus crisis became a pandemic.

The Opinion section quickly became a source for PVAMU professors, scholars, and research scientists to share their well-researched perspectives on the different aspects and effects of COVID-19. The section expanded to include feedback from PVAMU alumni working on the frontlines in the battle against the coronavirus.

The Newsroom site also includes an experts' section where media can search for PVAMU professionals by keywords or specialization.

### About Prairie View A&M University:

Designated an institution of “the first class” in the Texas Constitution, Prairie View A&M University is the second-oldest public institution of higher education in the state. With an established reputation for producing engineers, nurses, and educators, PVAMU offers baccalaureate degrees, master’s degrees, and doctoral degree programs through nine colleges and schools.
