

To: Prairie View A&M University students and staff

From: The Panther PhDs

Greetings Prairie View A&M University students and staff! The Panther PhDs would like to present toys for tots the PhD way. We are hosting a toy drive for Texas children's hospital. We are challenging every department, organization, students, and staffs to participate. Remember, it's always the thought that counts so any gift no matter how big or small, cheap or expensive could really make a difference in the lives of children experiencing trauma and spending there holidays hospitalized.

Every organization will be shown appreciation for their donation. Whichever department or organization donates the most will receive recognition. The toy drive will began on November 1, 2014, there will be a box placed in every building and it will carry on through December 1, 2014. We would greatly appreciate any donations and all participation.

P.S.: Due to infection control policies, we ask that all donations are new, with tags or in its original packaging. Attached is a list of things recommended to give you all an idea of what you could get. Again, thanks for your participation and we ask that you email: Girose@pvamu.edu confirming your accepts of this challenge.

Sincerely,

The Panther PhDs
