A Member of the Texas A&M University System

## MEMORANDUM

To: Campus Community

From: Ruth J. Simmons   
President

Re: Positive COVID-19 Confirmed

Date: March 28, 2020

Dear PVAMU Campus Community,

I regret to inform you that a second individual from the Prairie View A&M University community has tested positive for coronavirus (COVID-19).

The affected individual is a graduate student in the Marvin D. and June Samuel Brailsford College of Arts and Sciences. We have been informed that the student has had no contact with students, faculty or staff since March 3<sup>rd</sup>. Therefore, we have determined that members of the campus community are not at an increased risk.

As with the first case we notified you about yesterday, the individual is self-isolating off campus, in accordance with PVAMU's policy and guidance from the Centers for Disease Control and Prevention (CDC). Please join me in wishing this student a speedy recovery.

As we navigate this crisis together, I strongly encourage everyone to follow the [recommended guidelines](#) issued by the CDC to help slow the spread of this virus.

For up-to-date information about the impact of coronavirus on our campus community, visit our COVID-19 Update site frequently.
