Re: Update on Campus COVID-19 Cases

This evening, we were informed that a staff member in the office of Parking Management has tested positive for COVID-19.

This individual was last on campus April 3 and is currently quarantined. Staff members who were in contact with the affected employee have been notified in accordance with PVAMU's policy and guidance from the Centers for Disease Control and Prevention (CDC). If you were not contacted, you are not at increased risk. We are hopeful for the full recovery of this member of our community.

The [CDC](#) recommends measures to help slow the spread of the virus and advises that the best way to prevent illness is to avoid exposure. Visit the university's COVID-19 Update [web page](#) for further information.
