Excellence in Education

Our mission is to introduce every student to the potential benefits of a well-defined health, exercise program and/or dance routine that will result in knowledge about the value of physical activities, essential motor skill development, stamina, strength and social qualities that will last a lifetime.

We provide a broad base of knowledge which will enable a student to adapt to a variety of career opportunities which include: preparation for teaching and/or coaching at the elementary and secondary levels; a career or graduate studies in health, health promotion, human performance, and/or allied health therapeutic sciences; preparation for athletic training; recreational and/or community service programs; and preparation for professional health and wellness activities at the local, state and national levels.

Our Current Degree Programs

**Undergraduate Degrees:**
**Bachelor of Science**
All-level Health Education
All-Level Human Performance

**Graduate Degrees:**
**Master in Education (M.Ed.)/Master of Science in Education (M.S.-Edu)**
Physical Education
Health Education

**Minors:**

**PVAMU Panthers**

Health student giving an oral presentation

The Health and Human Performance Dept. is moving forward in the 21st Century and beyond! We are proposing many exciting changes to benefit you!

**Our Proposed Name Change**

**Department of Health and Kinesiology**

“Supporting You as You Reach Your Full Potential”

---

**STUDENT ORGANIZATIONS**

**Panther Association of Health, Physical Education, Recreation and Dance**

Membership is open to all students who have a major or minor in the HHUPF Department. The organization strives to involve students in campus activities, civic activities, professional organizations related to their field of study, internship and research opportunities, and social interaction with their peers, faculty and staff, and the corporate environment.

**CLASSIC DANCE ENSEMBLE**

The Classic Dance Ensemble performs at numerous activities on campus and represents the university at many external events. The mission of CDE is to achieve excellence through dance, as well as be a performance vehicle, which displays commitment to discipline, focus and goal setting. The mission of CDE also concurs with and supports the motto of Prairie View A&M University, which is "Prairie View Produces Productive People".

**ETA Sigma Gamma**

ETA Sigma Gamma is the National Health Education Honor Society that offers a unique opportunity for pre-professionals and professionals of the highest caliber to work together toward common goals. Not only do individual members derive benefits from this professional Honor Society during collegiate years, they also have access to an extended association with professional and social acquaintances. Membership is open to all Health Majors and Minors, undergrad and graduate students, and those faculty members who have a health degree, which meets the criteria.

**Phi Epsilon Kappa**

Phi Epsilon Kappa is a national professional fraternity honor society for persons engaged in or pursuing careers in physical education, health, recreation, dance, human performance, exercise science, sports medicine and sports management. Membership is open to persons interested in the purposes of the Fraternity and in providing time and energy for the benefit of these areas. Existing collegiate and alumni chapters invite individuals to become members. Petitions are available for new collegiate and alumni chapters.
