2013-14 Four-Year Faculty Salaries

Institutional Basics

Institutional Basics is common to all CUPA-HR surveys and needs to be completed only once per year by your institution. Answers entered in this section are visible to those responding to each of our surveys. If someone else has already entered data, please review and answer any unanswered questions.

If you disagree with any existing entries, please do not edit them until you have first contacted Ray Sizemore, CUPA-HR Director of Research.

For any of the questions below, if you are reporting data for a System Office or System Summary, please supply system-wide figures. Otherwise, supply individual institution figures.

1. Total Expenses Reported to IPEDS in the 2012-13 Spring Finance Survey

Please enter the total expenses reported by your institution to IPEDS last year in its 2012-13 Spring Finance Survey. This number should be available from your Controller and can be found in one of these locations on the IPEDS survey depending on the reporting standards used by your institution. If GASB used, see Finance Survey Part C – line 19. If FASB used, see Finance Survey Part B - line 2 or Part E – line 13. If you are a private-for-profit institution, see Finance Survey Part B - line 2 or Part E – line 7. Total Expenses is a required field.

Note: Prior to 2013-14, operating budget was collected by the survey, not total expenses.

Total Expenses reported last year in IPEDS 2012-13 Spring Finance Survey	178,197,791

2. Fall 2013 Student Enrollment

If it is not possible to use this date, use a reporting date no earlier than September 15 and no later than November 1. Your institutional Research Office is likely to be the best source for this data.
