## Grading Explanation

- Transfer Courses will have a grade of TA, TB, or TC. Transfer grades are counted in attempted hours and earned hours but are not calculated in the GPA hours, Quality Points or the GPA.
- Grades beginning with an ^ are grades for developmental courses that are no longer counted in the GPA hours, Quality Points or the GPA. Their credit is still reflected only in the Attempted Hours. This transaction normally occurs when the student has applied for graduation but may also be seen when developmental courses have been repeated.
- Grades beginning with a \* are grades for courses which will display on the transcript but the course and grade will not count any academic statistics. Normally seen in graduate certification programs.
- Repeated courses which are excluded from the academic statistics but still displayed on the transcript will have an 'E' in the repeat field. PVAMU's current repeat policy is that the last grade earned is the grade counted in the academic statistics.

## Transfer Courses

Transfer courses which have a PVAMU equivalent will display as the PVAMU course information. Transfer courses with no equivalent will display with a GENL value for the course and the subject value may be anywhere from 0000-4999. The Registration team is working with the Transfer Equivalency team to set up other GENL indicators such as GBUS – General Business or GENG – Engineering to work with the CAPP (degree audit) process in Banner.
