

Don't Forget

## WebEx Access Expires Sunday!

Make sure to download any videos you want to keep

The Center for Information Technology Excellence (CITE) has offered our students, faculty and staff several options for audio and web conferencing: WebEx, Microsoft Teams and Zoom.

After carefully analyzing these options, PVAMU has decided that we will not continue with Cisco WebEx. Therefore, WebEx access will end on Sunday August 30, 2020.

In the interim, please **download and save** any recorded files to an alternate location to enable future access. PVAMU will lose all access to WebEx accounts on August 30, 2020, please do not wait to download any recordings you may need.
