

SOP - How to connect to VPN with DUO

1. Right click the Cisco AnyConnect icon

2. Click Connect

3. After clicking connect the Cisco AnyConnect Secure Mobility Client box will appear Type: vpn.pvamu.edu

Then click connect

S Cis	co AnyCo	onnect Secure Mobility Client		-	Х
		VPN: Contacting vpn.pvamu.edu. vpn.pvamu.edu	-	Connect	
¢	()		-	_	.ijr.sti cisco

4. The following box will appear

Notice the pull down next to the Group Field.

If you are a Faculty/Staff be sure the VPN_New group is selected If you are a Guest or Vendor choose the VPN_Guest

Sisco AnyConnect vpn.pvamu.edu	Sisco AnyConnect vpn.pvamu.edu	- ×-
Group: VPN_New Username: bjhenderson Password: Second Password:	Group: VPN_Guest Username: bjhenderson Password:	•
OK Cancel	ОКС	ancel

Faculty and Staff-

Once you select the VPN_New, you will be required to provide your campus user name and password as well as a secondary password provided by your duo mobile app or hard token

Guest and Vendors

Enter your user name and password provided to you by the university.
